**Terms & Conditions of Exclusive e-auction Scheme, 2015 for  
Non-Power Consumers (including CPPs)  
(For sale of coal for the year 2015-16)**

**Introduction:**

In terms of letter no 23011/56/2015-CPD dated 15<sup>th</sup> September 2015 of MOC, a new scheme called “Exclusive E-Auction Scheme for Non-Power consumers (including CPPs)” has been evolved for implementation with competent approval.

**Objective:**

The Exclusive E-Auction Scheme for non-power consumers aims to provide coal to the End Use Plants (EUPs) currently having tapering linkages and those EUPs now drawing coal under MoU route at the existing level on MoU best effort basis upto 30.09.2015. Besides present MoU non-power consumers, all other non-power consumers may avail the scheme.

Coal distribution through Exclusive e-Auction for non-power consumers is aimed to provide access of coal to such non-power coal consumers who wish to have an assured supply during the balance period of the year 2015-16, through Exclusive e-auction mode so as to plan their operation etc.

**1. Eligibility:**

1.1 All non-power consumers of coal located in India (viz. Proprietorship/partnership, firm registered in India, companies incorporated in India etc.) desiring supply over a long period can participate in Exclusive e-Auction for procurement of coal for own consumption and not for transfer or re-sale.

1.2. Before the bid is accepted, the bidder shall pay in full all sums of money due to the seller in regard to any previous supply of coal to the bidder. If there are any arrears the seller shall be entitled not to consider such bids.

4.2 As long as EMD is available in the registered consumer's account with the Service Providers, the consumer can participate in Exclusive e-Auction conducted by any coal company of CIL through the particular Service Provider. In other words, it may be a global EMD for participating in e-Auction conducted by a Service Provider

## **5. Methodology:**

5.1 Exclusive e-Auction shall be for the balance period of the year 2015-16.

5.2 CIL/Coal companies would draw programme for Exclusive e-Auction which will be notified minimum 6 days in advance from the date of commencement of special e-auction on the CIL/Coal Companies' Notice Boards as well as their Websites. The programme shall be intimated to the respective Service Provider for hoisting the same at their web site also for information of all interested consumers.

5.3 The Service Provider shall conduct the Exclusive e-Auction as per the programme notified in the web site of the Service Providers on the scheduled date/s and time.

5.4 The date, time and period of e-Auction as notified in advance including closing time on portal of Service Provider shall be adhered to except in force majeure situations. However, the closing time of e-Auction will be automatically extended up to last Bid time, plus 5 minutes, so that opportunity is given to other Bidders for making an improved Bid on that item.

5.5 Before on-line bidding for price and quantity in the Exclusive e-Auction, the bidder shall agree on-line to accept the condition that the coal purchased in the Exclusive e-Auction shall be used for own consumption only and not for any other purposes. The bidder shall also agree on-line to all the other terms & conditions displayed along with the notice of Exclusive e-Auction.

5.6 Before participating in e-Auction, bidders must satisfy themselves with the quality of coal being offered from a source. No complaints thereafter i.e. after the e-auction, will be entertained by the coal companies.

5.7 There will not be any joint/ third party sampling facility extended to any buyer.

5.8 Prospective Bidders are entitled to bid for the quantity to the extent of amount of EMD which is available with the Service Provider in the bidder's account at the time of bidding.

5.9 The bidder has to bid for a price equal to or above the reserve price so as to secure consideration in the concerned Exclusive e-auction.

5.10 The bidder shall offer his Bid price (per tonne) in the increments of Rs.10/- (Rupees ten) or multiple thereof during the normal e-Auction period. During the extended period, the bidder shall offer his Bid price in the increment of Rs.20/- (Rupees twenty) or multiple thereof.

5.11 Following criteria would be adopted in deciding the successful bidders:-

(a) Precedence will be accorded to the highest bid price in the descending order (H1, H2, H3 and so on) as long as the offered quantity is available for allocation.

(b) If two or more buyers bid the same highest price, precedence for allotment will be accorded to the buyer who has placed the bid for the higher quantity.

(c) In case two or more buyers bid the same price and the same quantity, precedence will be given to the buyer who has accorded his bid first with reference to time.

5.12 While maintaining the secrecy of Bidder's identity, the web site shall register and display on screen the lowest successful Bid price at that point of time. The system will not allow a Bidder to Bid in excess of his entitled quantity as per his EMD. However once a Bidder is out-bided by another (in part or full) the particular Bidder shall become eligible for making an improved Bid.

## **6. Conditions for dispatches by Rail and Road.**

6.1 There will be separate Exclusive e-Auctions for dispatches by rail and road mode (though conducted under same notice) even if e-Auction offer by rail and road mode is from the same source earmarking separate mode-wise quantities under the same Exclusive e-Auction for that source. The minimum quantity for bidding shall be 1050 tonne (one thousand fifty tonne only) for the period for a source for supply by road mode. For supply by rail, the minimum quantity for bidding shall be one rake for the period for a source. The rake size shall be as per prevalent Railway rules. The quantity of coal in a rake shall be as indicated in the notice of Exclusive e-Auction.

6.2 The Buyer should satisfy itself / himself about the Rake fit stations / destinations from the Railways before participation in e-Auction by rail. Non-acceptance of the programme, even after the option exercised under extant Railway rules, on account of rake-fit stations / destinations being not accepted by the Railways shall be treated as a failure of the Buyer leading to forfeiture of relatable EMD.

6.3 The consumer, while bidding shall quote their "Bid price" per tons in Indian Rupee as base coal price on FOR/FOB colliery basis, exclusive of other charges like statutory levies, surface transportation charges, sizing/beneficiation charges, taxes, cess, royalty, SED, & any other charges as will be applicable at the time of delivery. These charges as well as freight etc. shall be on the Buyers' account. Any increase in statutory charges / other charges will be notified / hoisted on web-site by the coal companies.

## **7. Post E-Auction Process:**

7.1 Each successful bidder will be intimated through e-mail / SMS by the Service Provider on the same date after the closure of e-Auction. However, it will be the responsibility of the bidder to personally see and download the result displayed on website, on the same date after close of e-Auction.

7.2 Equivalent amount of EMD of the successful consumer / bidder corresponding to successful bid quantity, shall be blocked and will be transferred to Coal Company by the service provider along with the bid sheet in respect of successful consumer / bidders.

7.3 The successful bid quantity of a bidder for the period (operative months) would be divided in equal parts for determining Monthly Scheduled Quantities (MSQ) for coal supplies during the period. However, in case of supply by rail, such equal monthly parts shall be in the multiple of rake load. The total successful bid quantity in rake loads for the period for a bidder shall be distributed equally over the operative months of the period. In the event the total quantity is not exactly divisible by no. of operative months, the fractional quantity of either one or two or three or four rakes above the multiple of no. of operative months (say 5 months), will be programmed in the 1<sup>st</sup> or 2<sup>nd</sup> or 3<sup>rd</sup> or 4<sup>th</sup> month of the period as the case may be. For example, if a successful bid quantity is 11 (eleven) rakes for a bidder in a quarter, after allocating two rakes per month of the period; the remaining 11<sup>th</sup> rake will be programmed in the 1<sup>st</sup> month of the period. Similarly, in the event of successful bid quantity being 12 rakes in the period for a bidder, the monthly allocation would be in the order of 2 rakes per month in the period and the remaining 11<sup>th</sup> and 12<sup>th</sup> rake will be programmed for 1<sup>st</sup> and 2<sup>nd</sup> month of the period respectively and so on.

In the event the successful bid quantity is only one rake or two or three or four rakes in the period for a bidder, the choice of the programme for a month shall be with the bidder for programming one rake in each month.

However based upon the availability of coal at different sources the monthly plan, if required, may be recasted by the subsidiaries with the consent of consumer in advance.

## **8. Conversion of EMD into a Security Deposit:**

8.1 The coal value to be deposited in advance by the successful bidders shall be computed and deposited on month to month basis against the monthly scheduled quantity after making provision for the EMD amount corresponding to the monthly scheduled quantity out of the total EMD amount already transferred by the Service provider on account of the successful bidder to the concerned Coal Company. In other words, the coal value to be deposited and the corresponding EMD amount for the monthly scheduled quantity taken together shall be equivalent to 100% coal value of the monthly scheduled quantity.

8.2 EMD amount corresponding to the monthly scheduled quantity shall not be treated as an adjustment towards the coal value but shall be 'Security Deposit' for performance of the bidders towards completion of the said transaction for the concerned month.

8.3 The above security deposit (as converted from the EMD amount) would be adjusted as coal value, only after completion of lifting of coal covered under coal value paid, excluding security deposit. However, in the event of default in performance by the bidder, the provision of forfeiture of the 'Security Deposit' (as converted from the EMD) as stipulated, would be applicable.

## **9. Financial Coverage and Terms of Payment:**

9.1.1 The successful bidder after Exclusive e-Auction will be required to deposit coal value for supply in a month with the concerned coal company at least 15 days prior to the commencement of that month in the period. 9.1.2 In case of successful bidder if the coal value is deposited for less than the monthly scheduled quantity but not below 50% of the monthly scheduled quantity, the coal company shall accept the payment for the said amount and forfeit the EMD for the failed quantity. However, if the buyer fails to deposit the coal value for at least 50% of the monthly scheduled quantity then such deposit shall not be accepted and the entire EMD of the monthly scheduled quantity shall be forfeited.

9.1.3 In case of successful bidder having monthly allocated quantity of 1000 M.T per month or above shall have the option to deposit coal value in maximum two installments. First of such installment shall be deposited latest by 15 days prior to the commencement of the month concerned in the period and 2<sup>nd</sup>/final installment shall be deposited latest by the last working day of the month preceding the month concerned in the period. Further, first installment in any case shall not be below 50% of the monthly allocated/scheduled quantity. In the event, buyer fails to deposit at least 50% of the monthly allocated/scheduled quantity by 15 days prior to the commencement of the month concerned in the period, then the entire EMD of the monthly allocated/scheduled quantity shall be forfeited. Further, in the event of any default in deposit of the remaining value of coal due under the second installment latest by the last working day of the month preceding the month concerned, the EMD proportionate to the defaulted quantity shall be forfeited, provided, however, the validity period of lifting of coal by road in terms of clause 11.1.2 of this scheme shall remain unaltered even if the successful bidder has opted to deposit the coal value in second installment.

9.1.4 In case of supply by rail, 50% of the monthly scheduled quantity shall be reckoned to be in the units of full rake size with the fractional part, if any, rounded off to a full rake.

9.1.5 In case of supply by rail, the successful bidder will have the option to deposit financial coverage in the form of BG with the concerned coal company as per prescribed format covering the maximum quantity of coal to be supplied during any month of the period, at least 15 days ahead of the commencement of the period.

9.1.6 In the event, a fresh BG is furnished by the successful bidder, the same should be deposited with the concerned coal company at least 21 working days ahead of the commencement of the period. In such cases, where financial coverage

is furnished in the form of BG by the successful bidder, a notice for deposition of the coal value by way of Demand Draft /Banker's cheque will be displayed on the notice board and also on the website of the subsidiary coal company, at least 3 working days in advance before the expected date of offer to the railways for allotment. The buyer will be accordingly required to deposit the Demand Draft /Banker's cheque along with the debit advice issued by the Drawee Bank to the tune of coal value for rake / rakes load to be offered/ indented as per the notice within 48 hours of such notice.

9.1.7 In the event of non-deposition of 100% coal value by the bidder in terms of above clauses, the consent given against the rake programme will be withdrawn by the coal company and EMD as per e-auction scheme will be forfeited.

9.1.8 The successful bidder shall have the option of e-payment subject to Subsidiary Coal Company having the facility of e-banking and the same is notified on the web sites accordingly.

9.1.9 The successful buyer shall pay any additional sum which may become payable by the seller under any statutory provision over and above the amount claimed in the invoice. The successful bidder will also be entitled to a refund of the sum of taxes to the seller on account of reduction, if any of the statutory levies claimed in the invoice by the seller.

9.1.10 Statutory levies payable over and above the coal price shall as applicable on the date of delivery.

9.1.11 The supply/booking schedule for the first month may have variation and may be notified by the subsidiary companies separately depending upon time available to expedite the dispatch.

## **10 Make Up Rights:**

In case of supply by road, the Coal Company and/or the Buyer shall have the right to vary the monthly scheduled quantity of the successful bid quantity for the period, subject to a prior notice of 21 days from commencement of the month concerned. However, the successful bid quantity of the period shall remain unaltered.
