

SCHEME DOCUMENT
FOR AUCTION OF COAL LINKAGES OF COKING COAL IN THE STEEL
SUB-SECTOR UNDER TRANCHE VII

March 2024

Coal India Limited
A Government of India Undertaking

Important Notice:

The information contained in this Scheme Document for auction of coking coal-linkages in the steel sub-sector (“Scheme Document”) or subsequently provided to Bidder(s), whether verbally or in documentary or any other form by or on behalf of Coal India Limited (“CIL”) and/ or any of its employees or advisors, is provided to Bidder(s) on the terms and conditions set out in this Scheme Document.

This Scheme Document is neither an agreement nor an offer by CIL to the prospective Bidders or any other Person. The purpose of this Scheme Document is to provide interested parties with information that may be useful to them in making their Bids pursuant to this Scheme Document. This Scheme Document includes statements which reflect various assumptions and assessments arrived at by CIL in relation to the non-regulated sector and the Lots. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This Scheme Document may not be appropriate for all Persons and it is not possible for CIL, its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this Scheme Document. The assumptions, assessments, statements and information contained in the Scheme Document may not be complete, accurate, adequate or correct. Each Bidder should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this Scheme Document and obtain independent advice from appropriate sources before submitting a Bid.

Information provided in this Scheme Document to the Bidder(s) has been collated from several sources some of which may depend upon interpretation of Applicable Law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as complete. CIL accepts no responsibility for the accuracy or otherwise for any statement contained in this Scheme Document.

CIL, its employees and advisors make no representation or warranty and shall have no liability to any Person, including any Bidder under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this Scheme Document or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the Scheme Document and any assessment, assumption, statement or information contained therein or deemed to form part of this Scheme Document or arising in any way from participation in this auction process.

CIL also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused, arising from reliance of any Bidder upon the statements contained in this Scheme Document.

Notwithstanding anything contained in the Scheme Document, CIL may, in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment, process or assumptions contained in this Scheme Document.

The issue of this Scheme Document does not imply that CIL is bound to select a Bidder or Successful Bidder and CIL reserves the right (without incurring any liability) to reject all or any of the Bidders or Bids without assigning any reason whatsoever.

Each Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by CIL or any other costs incurred in connection

*Scheme Document for coking coal for steel sub-sector
with or relating to its Bid including the Process Fee and Bid Security. This Scheme Document is not
transferable. Nothing contained in this Scheme Document shall be binding on CIL or confer any right on
the Bidders.*

- 1.1 In this Scheme Document, in addition to the terms defined in the body of this Scheme Document, the following capitalized terms shall, unless repugnant to the meaning or context thereof, have the following meanings:
- 1.1.1 **“Acceptable Bank”** shall mean a Scheduled Bank as listed in the Second Schedule of the Reserve Bank of India Act, 1934 excluding those listed under the headings of Gramin Banks, Urban Co-operative Banks and State Co-operative Banks.
- 1.1.2 **“Adjustment”** shall have the meaning ascribed to such term in Clause 3.5.2(g).
- 1.1.3 **“Agreement”** shall mean the Fuel Supply Agreement as may be prescribed or published by CIL and to be executed pursuant to Clause 3.5.4, a preliminary and tentative draft model format of which is provided in *Annexure I*.
- 1.1.4 **“Allocated Quantity”** shall have the meaning ascribed to such term in Clause 3.5.2(h).
- 1.1.5 **“Applicable Law”** shall mean all applicable statutes, laws, by-laws, rules, regulations, orders, ordinances, protocols, codes, guidelines, policies, notices, directions, judgments, decrees or other requirements or official directives of any governmental authority or court or other rules or regulations, approvals from the relevant governmental authority, government resolution, directive, or other government restriction or any similar form of decision of, or determination by, or any interpretation or adjudication having the force of law in India.
- 1.1.6 **“Approved Mine Plan”** shall mean a mine plan which has been approved in accordance with the Applicable Laws in relation to the captive coal mine.
- 1.1.7 **“Authorised Signatory”** shall mean the individual representing a Bidder who has been duly authorised on behalf of such Bidder to (i) use the Bidder’s digital signature certificate; (ii) execute and submit the Bid on behalf of the Bidder; (iii) sign the Affidavit cum undertaking set out in *Annexure II* and the power of attorney set out in *Annexure III* on behalf of the Bidder; and (iv) execute and submit such other documents as may be deemed necessary, in accordance with the terms hereof.
- 1.1.8 **“Bid”** shall mean the bid submitted by a Bidder in accordance with Clause 3.5, for a Link Quantity with respect to a Specified End Use Plant pursuant to a unique registration number given by the Service Provider.
- 1.1.9 **“Bid Security”** shall have the meaning ascribed to such term in Clause 6.1.
- 1.1.10 **“Bidder”** with respect to a Bid shall mean any resident Indian Person including a proprietorship, partnership firm registered in India or a Company.
- 1.1.11 **“CIL”** shall mean Coal India Limited (a Government of India undertaking).
- 1.1.12 **“Coal Linkages”** shall have the meaning ascribed to such term in Clause 2.3.
- 1.1.13 **“Company”** shall have the meaning ascribed to such term in clause (20) of section 2 of the

Companies Act, 2013, as amended from time to time.

- 1.1.14 “**Conditions to Auction**” shall mean, with respect to each Bid, the conditions specified in Clause 3.4 and submission of the documents on the Electronic Platform of the Service Provider as specified in *Annexure V* (and in physical form to the Service Provider, if sought by CIL/Coal company/service provider) in accordance with the Scheme Document.
- 1.1.15 “**Control**” shall include the right to appoint majority of the directors or to control the management or policy decisions exercisable by a person or persons acting individually or in concert, directly or indirectly, including by virtue of their shareholding or management rights or shareholders agreements or voting agreements or in any other manner.
- 1.1.16 “**CPPs**” shall mean captive power plants having the meaning as per Rule 3 of the Electricity Rules, 2005.
- 1.1.17 “**Demand Supply Ratio**” shall mean sum of Link Quantity submitted by each bidder for a particular round divided by the total quantity of coal being offered from the Lot.
- 1.1.18 “**Due Date**” shall have the meaning ascribed to such term in Clause 5.6.1.
- 1.1.19 “**Electronic Platform**” shall have the meaning ascribed to such term in Clause 3.1.1.
- 1.1.20 “**Eligibility Conditions**” shall mean the eligibility conditions specified in Clause 4.
- 1.1.21 “**Last Round**” shall have the meaning ascribed to such term in Clause 3.5.2(g).
- 1.1.22 “**Link Quantity**” shall mean the quantity of coking coal from a particular Lot for which the Bidder has submitted a Bid in accordance with this Scheme Document.
- 1.1.23 “**LOI**” shall have the meaning ascribed to such term in Clause 3.5.3.
- 1.1.24 “**Lot**” shall mean a specified quantity of coking coal belonging to a particular grade which is to be offered for sale and which may be dispatched by road from a particular coal mine or by rail from a particular railway siding, the details of which are more particularly specified in *Annexure VI*.
- 1.1.25 “**Minimum Quantity**” shall have the meaning ascribed to such term in Clause 4(b).
- 1.1.26 “**MoC**” shall mean the Ministry of Coal, Government of India.
- 1.1.27 “**MTPA**” shall mean million tonnes per annum.
- 1.1.28 “**Normative Coal Requirement**” shall mean the normative coal requirement determined in accordance with Clause 3.3.
- 1.1.29 **Price:**
- “**Notified Price**” shall mean the price of the relevant grade(s) of coal as notified by CIL from time to time.

- **“Indexed Price”** shall mean the price derived on the basis of applicable price index as per clause 3.9.
- **“Modulated Price”** shall mean the price applicable for supply of coal & Floor price for bidding. The Modulated Price is higher of the Indexed Price and the prevailing notified price for NRS consumers, as per clause 3.9.

1.1.30 Deleted

1.1.31 **“Person”** shall mean any individual, Company, society or trust, whether incorporated or not.

1.1.32 **“Policy”** shall have the meaning ascribed to such term in Clause 2.1.2.

1.1.33 **“Process Fee”** shall have the meaning ascribed to such term in Clause 3.10.1.

1.1.34 **“Reserve Price”** shall have the meaning ascribed to such term in Clause 3.5.2(c).

1.1.35 **“SCCL”** shall mean the Singareni Collieries Company Limited.

1.1.36 **“Scheduled Production”** shall mean the scheduled quantity of coal production for a year, from the captive coal mine as per the Approved Mine Plan.

1.1.37 **“Scheme Document”** shall mean this document including its Annexures, any addenda or corrigendum to this Scheme Document and/ or any other document issued pursuant hereto.

1.1.38 **“Selected Round”** shall have the meaning ascribed to such term in Clause 3.5.2(g).

1.1.39 **“Service Provider”** shall mean the entity that provides the Electronic Platform for activities related to pre-bidding, bidding and post-bidding purpose including execution of FSA.

1.1.40 **“Specified End Use”** shall have the meaning ascribed to such term in Clause 2.3.

1.1.41 **“Specified End Use Plant”** shall mean one or more blast furnace units (with or without coke oven plant) used for the production of steel (in a single location within the same boundary) located in India and owned by the Bidder. The existing or new bidder (Owner/holding company) may also register its wholly owned End Use Plants/Units, located in same location or geographically different location under single registration. The particulars of all EUP(s) and details of blast furnaces/coke oven plant, as the case may be, linked to each EUP are required to be submitted by the bidder in accordance with the provision of Annexure V”.

1.1.42 **“Subsidiary”** shall mean a subsidiary of CIL listed in *Annexure VI*.

1.1.43 **“Successful Bidder”** shall have the meaning ascribed to such term in Clause 3.5.2(h).

1.1.44 **“TPA”** shall mean Tonnes per Annum.

1.1.45 **“TPD”** shall mean Tonnes per Day.

1.1.46 **“Transport Factor”** shall have the meaning ascribed to such term in Clause 3.5.2(j)(ii).

1.1.47 **“Winning Premium”** shall mean:

- (a) for the purposes of the Coking Coal Auction for Steel Sub-sector March 2024 under Tranche VII, the relevant premium of the Selected Round expressed in absolute number terms; and
- (b) for the purposes of Clause 3.9, Clause 0, the Agreement and all of the Annexures/Schedules to this Scheme Document, the relevant premium of the Selected Round expressed as a percentage of the Reserve Price (Floor Price).

1.1.48 “**WPI**” shall mean Wholesale Price Index.

2 Introduction

2.1 Background

- 2.1.1 The Cabinet Committee on Economic Affairs, in its meeting held on February 3, 2016, decided that the allocation of coal linkages/ letter of assurances for the non-regulated sector shall henceforth be done through an auction based mechanism.
- 2.1.2 Subsequently, the MoC issued a letter to CIL and SCCL vide letter no. 23011/51/2015-CPD(Pt-I) dated February 15, 2016 (the “**Policy**”), for auction of coal-linkages for the non-regulated sector, where sub-sectors could be cement, sponge iron/ steel, aluminium and others (excluding fertilizer (urea) sector) including their CPPs, through a competitive bidding process. According to the Policy, the auctions are to be conducted by CIL/ SCCL and CIL has been entrusted with the task of working out the detailed procedure/ methodology for conducting the auction process. CIL/ SCCL have also been instructed to take immediate necessary action for conducting the auctions.
- 2.1.3 Accordingly, CIL has *inter alia* decided to auction coal linkages for the various sub-sectors within the non-regulated sector (“**Tranche VII Coal Linkage Auction**”).
- 2.1.4 This Scheme Document is being issued by CIL for auction of coal linkages of coking coal with respect to the steel sub-sector for a total quantity of approximately [●] MTPA (“**Coking Coal Auction for Steel Sub-sector: March 2024 Tranche VII**”).

2.2 The Policy

Bidders are encouraged to familiarise themselves with the Policy. As of the date of this Scheme Document, the Policy is available at http://coal.nic.in/sites/upload_files/coal/files/curentnotices/150216.pdf.

2.3 The Coal Linkages

The coal linkages from each Lot identified in *Annexure VI* (“**Coal Linkages**”) are being auctioned strictly for consumption by the Specified End Use Plant (“**Specified End Use**”). Any swapping and/or rationalization of the Allocated Quantity shall be in accordance with extant applicable policy.

3 Auction Process

3.1 Electronic Auction

3.1.1 The auction of the Coal Linkages shall be conducted on the electronic platform created by the Service Provider (“**Electronic Platform**”) and no physical Bids shall be accepted or considered. The interested Bidders are required to seek registration on the Electronic Platform for bidding purposes against payment of a non-refundable registration fee of Rs. 10,000 (Indian Rupees Ten Thousand) plus applicable taxes. Bidders already registered for the coal linkage auctions of either CIL and/ or SCCL must necessarily use the same registration for the same Specified End Use Plant and should not register again.

However, in case of change/replacement of Service Provider in Tranche VII & onwards, the already registered bidders (in the portal of earlier service provider) will be required to register again in the portal of new service provider referring their earlier registration details. Such re-registration will not attract any further registration fee. However, in case of fresh registration (afresh without referring earlier registration details) in the auction portal, registration fee will be applicable.

3.1.2 The technical details and other information with respect to access to the Electronic Platform and bidding thereon are provided in *Annexure V*.

3.1.3 In case of any technical clarification regarding access to the Electronic Platform or conduct of the auction process, the Bidders may contact the Service Provider directly at the contact details provided in *Annexure V*.

3.2 Scheme Document

The Bidders shall be eligible to download the Scheme Document from website of the Service Provider free of cost.

3.3 Normative Coal Requirement

3.3.1 The Normative Coal Requirement for each Specified End Use Plant shall be calculated by the Electronic Platform in accordance with the following formula:

[annual coal requirement as computed by the Electronic Platform based on the Specified End Use Plant details provided by the bidder] minus [(annual coal requirement of the Specified End Use Plant met through any captive coal mine(s), which shall be computed on the basis of Washery Grade-IV grade of coal, irrespective of the grade of coal actually available from the captive coal mine(s)) plus (annual coal requirement of the Specified End Use Plant met through any allocation of coal linkage(s) pursuant to auction process of any lot conducted by CIL and/ or by SCCL or any other existing coal linkage(s) under New Coal Distribution Policy(i.e linkages of pre NRS Linkage auction regime), which shall be computed on the basis of Washery Grade-IV grade of coal, irrespective of the grade of coal actually allocated pursuant to the auction process)].

It is clarified that in case the actual grade of coal available from the captive coal mine (as specified above) or from allocation pursuant to auction process conducted by CIL / SCCL is not of Washery Grade-IV, then the Washery Grade-IV grade equivalent quantity shall be computed as follows:

Washery Grade-IV = (Annual coal requirement met from the given source)
equivalent quantity *multiplied by* (Indigenous Coking coal requirement per tonne
of hot metal of Washery Grade-IV grade of coal as per
Annexure VII)

Indigenous Coking coal requirement per tonne of hot metal of
the relevant grade of coal as per Annexure VII

It is clarified that for the purposes of computation of the normative coal requirement basis the above mentioned formula, the annual coal requirement of the Specified End Use Plant of the Bidder met through any allocation of coal linkage(s) pursuant to auction process of any lot conducted by CIL and/or by SCCL, if valid, shall be deducted irrespective of the status of issuance of the letter of intent or signing of the fuel supply agreement.

The Bidder will be responsible for providing the relevant details/information, including CIL/SCCL linkages, required for calculation of Normative Coal Requirement in the electronic platform/portal of auction service provider. CIL/Coal company/Service provider will not be held responsible for any situation which may occur due to any mismatch/discrepancy/anomaly arising out of such data provided by the bidder and calculation thereof.

3.3.2 Annual coal requirement of the Specified End Use Plant met through any captive coal mine(s):

- (a) Each Bidder who has been allocated captive coal mine(s) (whether having only coking grade of coal or combination of non-coking and coking grade of coal) for its Specified End Use Plant(s), shall for each such captive coal mine, submit a self-certificate for scheduled production of coking coal from such mine as per the format in **Annexure XI**.
- (b) If the mine opening permission has been granted by the Coal Controllers' Organisation (CCO) coal requirement of the Specified End Use Plant (in TPA) met through such captive coal mine(s) shall be considered in the manner prescribed below:
 - (i) Bidder shall submit the Scheduled Production of coking coal from its captive coal mine(s) for the 15 financial years commencing from the financial year in which this Scheme Document has been published (For tranche VII 2024-25 and onwards), in accordance with Clause 3.3.2(a). While supplying coal, if scheduled production of captive coal mine post initial period of 15 years, will be required by coal company, providing such details to coal company will be binding to the bidder for the purpose of any required adjustment in quantity.
 - (ii) The Electronic Platform shall adjust the annual coal requirement of the Specified End Use Plant met through the captive coal mine(s) (in TPA). Such adjustment shall be corresponding to the minimum Scheduled Production of coking coal from Bidder's captive coal mine(s) as per the Scheduled Production of coking coal for 15 financial years submitted by the Bidder in accordance with Clause (i) of 3.3.2(b) above.
- (c) In case the mine opening permission has not been granted by CCO, then, the coal requirement met through the captive coal mine shall be considered as zero. Accordingly, the Electronic Platform shall adjust the annual coal requirement of the Specified End Use Plant met through the captive coal mine(s) (in TPA).
 - (i) In the event, mine opening permission has been granted post completion of the Coking Coal Auction for Steel Sub-sector: March 2024 Tranche VII, the Successful Bidder, shall simultaneous to the grant of mine opening permission by CCO submit the same to the relevant Subsidiary along with self-certificate as per format (A) of **Annexure XI**. In case the Successful Bidder fails to submit the mine opening

permission by CCO and/or self-certificate in accordance with this Clause, relevant coal company shall have right to terminate LOI and/ or the FSA, as the case may be, and forfeit the Bid Security or Performance Security as the case may be.

- (d) In case of any modification in the Production Schedule of coking coal of a captive coal mine by approval of competent authority during the subsistence of the Agreement, the same shall be notified simultaneously to the coal company by re-submitting the self-certificate at **Annexure XI** with the revised Production Schedule for coking coal. Accordingly, an amendment to the Agreement shall be executed to this effect. In case the Production Schedule for coking coal is revised post completion of auction but prior to execution of the FSA, then, upon submission of the revised Production Schedule of coking coal to the relevant coal company immediately post approval from the competent authority, the FSA shall be executed for the Allocated Quantity for the year computed based on the revised Production Schedule of coking coal.
- (e) In the event the Bidder who has been allocated captive coal mine(s) for its Specified End Use Plant(s), does not submit a self-certificate in accordance with Clause 3.3.2(a) above and/or doesn't provide the Production Schedule for coking coal as stated in **Annexure V** of this Scheme Document, then the Normative Coal Requirement shall be net of grade adjusted coal requirement on the basis of the peak rated capacity of such captive coal mine(s) and provisions of Clause 3.3.2(b), 3.3.2(c) and 3.3.2(d) shall not apply.
- (f) Where a coal mine has been allocated for multiple plants, then the Normative Coal Requirement of the Specified End Use Plant shall be calculated after proportionately factoring the Scheduled Production of coking coal from the said mine.
- (g) Upon submission of the documents and information specified in Clause 3.4(a), the Electronic Platform shall generate the Normative Coal Requirement for various grades of coal with respect to a Specified End Use Plant. The Normative Coal Requirement shall be subject to reduction on a progressive basis depending on the allocations made to the Bidder during the process of auction and the Bidder shall be informed about the same on the Electronic Platform. The data with respect to captive coal mines allocated (together with annual coal requirement of Specified End Use Plants being met from such captive coal mines) shall have to be reported by the Bidders themselves on the Electronic Platform and the Bidders will be responsible for any misrepresentation in this regard. The Bidders shall, based on the Normative Coal Requirement related information provided on the Electronic Platform, decide the Link Quantity across various Lots for the purposes of computing the Bid Security and Process Fee payable by them.

Illustration 1: The Specified End Use Plant (blast furnace Unit A) of the Bidder is a 1,000 tonnes per day of hot metal ("TPD") blast furnace unit. A mine X with maximum projected production of coking coal of 1,00,000 tonnes per annum ("TPA") of Washery Grade-I grade of coal has been allocated for captive consumption to the blast furnace Unit A and blast furnace Unit B whose annual coal requirement is in the ratio of 2:1. The Coal Requirement of the Specified End Use Plant shall be assessed as follows:

Case I: Mine Opening Permission has not been granted by CCO for the Mine

No adjustment shall be made for the annual coal requirement of the Specified End Use Plant met through Mine X and the Normative Coal Requirement of the Specified End Use Plant shall be assessed as below:

Particulars	Unit		
Capacity of Specified End Use Plant	TPD	(A)	1,000
Annual Capacity of Specified End Use Plant	TPA	(B) = A*365	3,65,000

Capacity Utilisation		(C)	85%
Consumption Norm based on Washery Grade-IV	kg of coal/tonnes of hot metal	(D)	820
Consumption Norm based on Washery Grade-I	kg of coal/tonnes of hot metal	(E)	365
Annual Coal Requirement of the Specified End Use Plant (based on Washery Grade-IV)	TPA	(F) = $B * C * D / 1000$	2,54,405
Annual Coal requirement of the Specified End Use Plant met through captive coal mine	TPA	(G)	0
Annual Coal requirement of the Specified End Use Plant met through captive coal mine converted to Washery Grade-IV	TPA	(H) = $G * D / E$	0
Normative Coal Requirement based on Washery Grade-IV	TPA	(I) = F - H	2,54,405
Normative Coal Requirement based on Washery Grade-I	TPA	(J) = I * E / D	1,13,241

Case II: Mine Opening Permission has been granted by CCO for Mine X and the Scheduled Production of coking coal is provided as under:

15 Year Scheduled Production of coking coal for Mine X
(Based on the Self-Certificate submitted by the Bidder)

Financial Year	Scheduled Production (TPA)
FY 2024-25 (Year 1)	10,000
FY 2025-26 (Year 2)	15,000
FY 2026-27 (Year 3)	50,000
FY 2027-28 (Year 4)	100,000
FY 2028-29 (Year 5)	100,000
FY 2029-30 (Year 6)	100,000
FY 2030-31 (Year 7)	100,000
FY 2031-32 (Year 8)	100,000
FY 2032-33 (Year 9)	100,000
FY 2033-34 (Year 10)	100,000
FY 2034-35 (Year 11)	100,000
FY 2035-36 (Year 12)	100,000
FY 2036-37 (Year 13)	100,000
FY 2037-38 (Year 14)	100,000
FY 2038-39 (Year 15)	100,000
Minimum Scheduled Production of coking coal	10,000

The minimum of the Scheduled Production of coking coal in accordance with Clause 3.3.2(b) is 10,000 TPA. For the purpose of assessment of Normative Coal Requirement, it would be considered that the of the Specified End Use Plant has been met to the extent of 6667 TPA. The Normative Coal Requirement of Unit A shall be assessed as follows:

Particulars	Unit		
Capacity of Specified End Use Plant	TPD	(A)	1,000
Annual Capacity of Specified End Use Plant	TPA	(B) = A*365	3,65,000
Capacity Utilisation		(C)	85%
Consumption Norm based on Washery Grade-IV	kg of coal/tonnes of hot metal	(D)	820
Consumption Norm based on Washery Grade-I	kg of coal/tonnes of hot metal	(E)	365
Annual Coal Requirement of the Specified End Use Plant (based on Washery Grade-IV)	TPA	(F) = B*C*D/1000	2,54,405
Annual Coal requirement of the Specified End Use Plant met through captive coal mine	TPA	(G)	6,667
Annual Coal requirement of the Specified End Use Plant met through captive coal mine converted to Washery Grade-IV	TPA	(H) = G*D/E	14,977
Normative Coal Requirement based on Washery Grade-IV	TPA	(I) = F - H	2,39,428
Normative Coal Requirement based on Washery Grade-I	TPA	(J) = I*E/D	1,06,575

Illustration 2: In addition to the illustration provided above, if the Bidder is successful in the Lot of Washery Grade-I grade of coal for a quantity of 10,000 TPA, the Normative Coal Requirement for say a Lot with Washery Grade-II grade coal would be as under:

Particulars	Unit		
Normative Coal Requirement (based on Washery Grade-I)	TPA	(A)	1,06,575
Allocated Quantity in Lot with Washery Grade-I	TPA	(B)	10,000
Available Normative Coal Requirement based on Washery Grade-I	TPA	(C)=A-B	96,575
Consumption Norm based on Washery Grade-II	kg of coal/tonnes of hot metal	(D)	470
Consumption Norm based on Washery Grade-I	kg of coal/tonnes of hot metal	(E)	365
Normative Coal Requirement based on Washery Grade-II	TPA	(F)=C*D/E	1,24,356

3.4 Conditions to Auction

Subject to satisfaction of the following conditions, the Bidders shall be entitled to submit their Bid through a non-discriminatory ascending clock auction procedure set out in Clause 3.5:

- (a) the Bidders shall satisfy all the Eligibility Conditions and shall submit all documents in support thereof as specified in Clause 4(c) and shall submit the relevant information required under *Annexure V.*; and
- (b) the Bidder shall submit the Process Fee in accordance with Clause 3.10 and the Bid Security

in accordance with Clause 6.

- (c) The Bidder shall comply the provision of Cut-off date i.e. 30.09.2024 i.e. any Bidder of Steel subsector having expiring linkage/FSA on or before 30.09.2024 shall be allowed to participate in the auction of tranche VII Steel subsector for the expiring quantity subject to eligibility. However, the quantity in no case should exceed the normative eligible quantity of the Bidder.

Now, in case any bidder has expiring FSA(s) post conducting of auction and till 30.09.2024(Cut off Date) and the successful bids of tranche VII linkage auction along with expiring FSAs cumulatively exceeds normative requirement of the bidder, it will be responsibility of the bidder to inform coal companies/CIL/Auction service provider about the same so that the situation of linkage exceeding normative quantity at any point of time will not arise. In other words, it will be the responsibility of the consumer to ensure that at any point of time the total operative ACQ should not exceed the normative requirement of the bidder.

To avoid any such situation, the bidder has to mention auction service provider the bid(s) of tranche VII which will be effective after date of expiry of expiring FSA. Such FSAs of the concerned bid(s) will become operational from 'Effective Date' which will be different from FSA signing date and all terms of the FSA will be applicable on the basis of such 'Effective Date'. An addendum to the FSA will be signed in this respect which will be integral part of the FSA for all operational and commercial terms.

In case of any misrepresentation/omission on part of the bidder for the above, the bidder will be held responsible and consequent penal action may liable to be taken by coal company by way of forfeiture of EMD/Performance Security, as the case may be, for the concerned quantity exceeding normative requirement

- (d) The Bidder unconditionally agrees all the actions taken/would be taken by coal companies/CIL with respect to their successful bids of previous tranche(s) of NRS Linkage auction, if any, relevant guidelines/conditions with respect to bids in earlier tranches of NRS Linkage auction and present tranche of auction.

3.5 Non-Discriminatory Ascending Clock Auction Process

3.5.1 The Coal Linkages shall be auctioned Lot wise as per the sequence and schedule set out in *Annexure VI*. In case the auction of Coal Linkages from any Lot spills over to the time of the next Lot(s), then the auction of such Lot(s) will be deferred and will be conducted at the end of auction of the Coal Linkages after the last Lot as per the auction sequence specified in *Annexure VI*. For example: There are 15 Lots (numbered L1 to L15) for a sub-sector with a proposed auction sequence of 4 Lots per day at 11:00 HRS, 13:00 HRS, 15:00 HRS and 17:00 HRS respectively. In case the auction of the Coal Linkages from Lot 1 continues till 17:01 HRS on Day 1, auction of Coal Linkages from Lot 2, Lot 3 and Lot 4 will be deferred and will be conducted after the auction of the Coal Linkages from Lot 15.

3.5.2 The Coal Linkages shall be auctioned through a non-discriminatory ascending clock auction procedure in the following manner:

- (a) The auction process for the Coal Linkages

- (b) will be conducted in multiple rounds.
- (c) The floor price for the auction in the first round of the auction process shall be the Modulated Price i.e. higher of Indexed price and prevailing Notified Price (“**Reserve Price**”) and the Bidders shall Bid for a particular Link Quantity in accordance with the provisions hereunder.
- (d) In round 1 of the auction, the premium shall be Rs. zero/tonne against which the Bidders will be required to indicate their Link Quantity.
- (e) At the end of each round of the Bidding with respect to a Coal Linkage, the demand/ supply ratio will be assessed by the Electronic Platform and if demand/ supply ratio at the end of a particular round is greater than 100% (one hundred per cent.) then the auction will move on to next round with a premium of Rs. 75 (Indian Rupees Seventy Five) per tonne plus the premium of the previous round .In each round of the auction, the Bidders may offer to purchase the Link Quantity against the Reserve Price plus premium for such round.
- (f) Each Bid submitted by a Bidder during any of the auction rounds shall be considered a valid and binding offer to purchase the Link Quantity at the Reserve Price plus premium applicable for the relevant round.
- (g) The auction process shall stop when the demand/ supply ratio is less than or equal to 100% (one hundred per cent.) in a particular round. The round at which the auction stops (“**Last Round**”) shall be considered as final round (Selected Round) and allocation shall be made based on the bids received in the Last Round.

In the event that the entitlement of a Bidder pursuant to Clause 3.5.2(g) above, is not as per Transport Factor, such entitlement shall be decreased and rounded off (downwards) to fit it as per Transport Factor (such downward adjustment in the coal entitlement may hereinafter referred to as the “**Adjustment**”).

- (h) Each Bidder who has submitted Bids in the Selected Round shall hereinafter be referred to as a “**Successful Bidder**” and the quantity of coal to which the Successful Bidder would be entitled to in the Selected Round (as per Clause 3.5.2(f) above)) shall be referred to as the “**Allocated Quantity**”.

It is clarified that each Successful Bidder shall be entitled to receive only the Allocated Quantity and that the Allocated Quantity shall be used by the Successful Bidder only for consumption by the Specified End Use Plant. In the event that the actual loaded quantity of coal is lesser than the Allocated Quantity, such under-loading shall be dealt with in the manner specified in the Agreement.

- (i) In case demand/ supply ratio is 100% (one hundred per cent.) or less in round 1 of the auction, each Bidder shall be allocated their Link Quantity for that round at the Reserve Price i.e. Floor Price.
- (j) The Bidders will have to abide by the following conditions in each round of the auction:
 - (i) for road mode of dispatch, the Link Quantity shall be equal or greater than 100 TPA and shall neither exceed the Normative Coal Requirement nor the quantity offered in a

particular Lot. For rail mode of dispatch, the Link Quantity shall be in multiple of 4000 TPA and shall neither exceed the Normative Coal Requirement nor the quantity offered in a particular Lot;

- (ii) the Link Quantity will be integer multiple of 4000 TPA for Rail mode & minimum 100 TPA for Road mode(hereinafter referred to as the “**Transport Factor**”); and
 - (iii) the Link Quantity in a particular round shall be lower than or equal to the Link Quantity quoted in the previous round.
- (k) In the event that any coal remains unallocated pursuant to completion of the Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII, CIL reserves the right to dispose of such coal in any other instance of auction of coking coal linkages for the non-regulated sector conducted by CIL.
- (l) **Coal Requirement as entered on the auction platform for Bidders who have participated in earlier tranches:**

For Bidders who have participated in earlier tranches of coal linkage auction under Steel sub-sector, the auction platform currently does not permit any modification in the value submitted under Coal Requirement. For such cases, three categories of Bidders can be considered:

- (a) First time Bidders.
- (b) Bidders who have Bid in earlier tranches and won a quantity equal to their Normative Coal Requirement, and are therefore ineligible to Bid.
- (c) Bidders who have bid in earlier tranches and still have some Normative Coal Requirement left over against which they can bid.

For case (a), Bidders have to enter fresh information. Bidders under case (b) are ineligible to bid. For case (c): The Bidder may bid up to the balance Normative Coal Requirement as displayed on the auction platform. The Deficit Percentage calculated in earlier tranches as applicable will be applied to calculate the Allocated Quantity in this tranche.

Example:

The Bidder has the following allocation (W-IV equivalent quantities) in Tranche I/Tranche II/Tranche III/Tranche IV/Tranche V/Tranche VI:

		(tonnes)
Coal Requirement specified by the Bidder	(A)	1,20,000
Verification obtained for	(B)	1,02,000
Existing Linkage under NCDP	(C)	20,000
Normative Coal Requirement	$D = A - C$	1,00,000
Provisional Allocated Quantity in Tranche I / Tranche II/Tranche III/Tranche IV/Tranche V/Tranche VI	(E)	50,000
Deficit Percentage	$F = (A - B)/D$ *100 %	18%
Allocated Quantity	$G = E - (E * F)$	41,000

The following is an example for Steel sub-sector Tranche VII Coal Linkage Auction for a

case where the Bidder has bid for and was allocated the entire balance quantity as permitted by the auction platform:

		(tonnes)
Normative Coal Requirement (For Tranche VII)	$H = D - E$	50,000
Provisional Allocated Quantity	(I)	50,000
Allocated Quantity	$J = I - (I * F)$	41,000

The following is an example where either the Bidder has chosen to bid for or has been allocated a quantity which is lesser than his balance requirement as permitted by the auction platform:

		(tonnes)
Normative Coal Requirement (For Tranche VII)	$K = D - E$	50,000
Provisional Allocated Quantity	(L)	10,000
Allocated Quantity	$M = L - (L * F)$	8,200

(m) Allocated Quantity for the year on the basis of Scheduled Production of coking coal

- (i) Each Successful Bidder shall be entitled to the Allocated Quantity for the year post adjustment of the Scheduled Production of coking coal (year-on-year) submitted by such Successful Bidder as part of **Annexure XI**. The adjustment with respect to the year-on-year Scheduled Production of coking coal shall be Lot-specific and on the basis of the annual coal requirement of the Specified End Use Plant met through the Scheduled Production of coking coal for the year. The Allocated Quantity for each year for a particular Lot under the Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII shall be computed in accordance with the following formula:

$$\text{Allocated Quantity for the year} = \text{Adjustment Factor} \times \text{Coal Requirement for the year in TPA}$$

Wherein,

Adjustment Factor =

Coal requirement of Specified End Use Plant met from a particular Lot in TPA divided by Total coal requirement of Specified End Use Plant met from Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII in TPA

Coal Requirement for the year =

(Normative Coal Requirement of the Specified End Use Plant for Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII in TPA + coal requirement of the Specified End Use Plant corresponding to the minimum of the Scheduled Production of coking coal in TPA – coking coal requirement of the Specified End Use Plant corresponding to the Scheduled Production of coking coal for the year in TPA)

- (ii) Adjustment in the Allocated Quantity for the year shall be carried out in case the Coal Requirement for the year as computed above is less than the total coal requirement booked for the Specified End Use Plant during the Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII. Provided however, in the event the coal requirement of the Specified End Use Plant for the year as computed above is less than 0, then Allocated Quantity for that year shall be 0.
- (iii) In the event the coal requirement for the year is equal to or more than the total coal

requirement of the Specified End Use Plant met from the Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII there shall be no adjustment in the Allocated Quantity for the year.

Illustration

For example, if the Normative Coal Requirement of the Bidder corresponding to its Specified End Use Plant for Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII is 250,000 TPA W-IV grade and the Bidder had a captive coal mine of W-IV grade with minimum production of 50,000 TPA. Suppose the Scheduled Production of coking coal for a particular year is 75,000 tonnes. The Coal Requirement for the Year shall be 225,000 TPA (250,000 + 50,000 – 75,000).

Assume the total quantity booked by the Bidder in the auction is 100,000 tonnes, there shall be no adjustment in the quantity allocated to the Bidder (as the Coal Requirement of the Year, 225,000 TPA is more than total coal requirement booked for the Specified End Use Plant during the Auction under the particular auction of the tranche viz. 100,000 tonnes).

In case the coal requirement of the Bidder for a particular year after adjustment to the production of coking coal from the captive coal mine for that year is 60,000 TPA instead of 225,000 TPA, then there will be adjustment in the Allocated Quantity of the Year and the quantity allocated to the Bidder shall be revised from 100,000 to 60,000 tonnes.

- (iv) In the event that the Allocated Quantity for the year pursuant to this Clause, is not as per Transport Factor, such Allocated Quantity shall be decreased and rounded off (downwards) to fit it as per Transport Factor.
- (v) In the event the mine opening permission is received subsequent to completion of the Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII, the Allocated Quantity for the remaining period of the Agreement shall be computed in the manner prescribed above, based on the Scheduled Production of coking coal submitted by the Successful Bidder to the coal company, as per format at **Annexure XI** immediately on receipt of such information from the Successful Bidder. An amendment to the Agreement shall be executed between the Successful Bidder and the coal company to this effect.

Provided however, in accordance with Clause 3.3.2(e) in the event the Bidder who has been allocated captive coal mine(s) for its Specified End Use Plant(s), does not submit a self-certificate as specified in Clause 3.3.2(a) and/or doesn't provide the Production Schedule for coking coal as stated in **Annexure V** of this Scheme Document, then there shall be no adjustment to the Allocated Quantity in accordance with this Clause 3.5.2 (m) and Allocated Quantity shall be as determined under Clause 3.5.2 (h).

Illustration 1: The Specified End Use Plant of the Bidder is a 2,000 tonnes per day of hot metal (“TPD”) blast furnace unit. The Bidder has an existing FSA with an ACQ of 75,000 TPA in W-II grade. Further, a mine of W-III grade of coal has been allocated for captive consumption to the Specified End Use Plant Unit, and mine opening permission has been granted by CCO on 1 February 2021. The yearly production of coking coal from the Approved Mine Plan is as below:

15 Year Scheduled Production of coking coal for mine
(Based on the Self-Certificate Submitted by the Bidder)

Financial Year (FSA Year)	Scheduled Production (TPA)
FY 2023-24 (Year 1)	59,167
FY 2024-25 (Year 2)	83,333
FY 2025-26 (Year 3)	1,00,000
FY 2026-27 (Year 4)	1,00,000
FY 2027-28 (Year 5)	1,00,000
FY 2028-29 (Year 6)	1,00,000
FY 2029-30 (Year 7)	1,00,000
FY 2030-31 (Year 8)	1,00,000
FY 2031-32 (Year 9)	1,00,000
FY 2032-33 (Year 10)	1,00,000

FY 2034-35 (Year 12)	1,00,000
FY 2035-36 (Year 13)	1,00,000
FY 2036-37 (Year 14)	1,00,000
FY 2037-38 (Year 15)	1,00,000

It is seen from the Production Schedule above that the minimum production of coking coal over the next

15 years is 59,167 tonnes, corresponding to coking coal production for the current year.

The Normative Coal Requirement of the Specified End Use Plant in W-IV grade is as per the table below:

Particulars	Unit		
Capacity of Specified End Use Plant	TPD	(A)	2,000
Annual Capacity of Specified End Use Plant	TPA	(B) = A*365	7,30,000
Capacity Utilisation		(C)	85%

Annual Coal requirement of the Specified End Use Plant met through captive coal mine converted to Washery Grade-IV	TPA	(I) = H*F/E	80,861
Annual Coal requirement of the Specified End Use Plant met through existing linkage (based on Washery Grade II)	TPA	(J)	75000
Annual Coal requirement of the Specified End Use Plant met through existing linkage converted to Washery Grade-IV		(K) = J*F/D	130851.0638
Normative Coal Requirement based on Washery Grade-IV	TPA	(L) = G - I - K	2,97,098

Note: existing valid bids under NRS Linkage auction will be automatically adjusted in the auction platform for calculating eligible quantity

This Bidder participates in the Coking Coal Auction for Steel Sub-sector: March 2024 tranche VII across various lots. Allocated Quantity for each lot, is as per the table below:

S.No.	Lot	Allocated Quantity (TPA)	Actual Grade	Allocated Quantity in W-IV (TPA)	Adjustment Factor = C/Sum of Allocated Quantity across all lots under current auction in W-IV grade
(A)	(B)	(C)	(D)	(E)	(F)
1	Lot 1	50000	W-I	112329	42.46%

SEUP – Specified End Use Plant

As may be seen from the table above, adjustment in the allotted quantity was done from Year 2, i.e, from the year where the Coal Requirement for the year as computed above is less than the total coal requirement booked for the Specified End Use Plant

The above calculation is just an example and may not be taken as reference. Actual calculation shall have to be done as per the terms and provisions of this scheme document.

(m) Verification of RFP information:

- (i) On the Basis of the RFP information submitted, Final Verification Agency/Verification Agency shall validate the capacity details of the Successful Bidders submitted for participating in the auction process.
- (ii) In case there is any deviation in the capacity details as verified by Final Verification Agency/Verification Agency and as submitted by the Successful Bidder, the Final Verification Agency/Verification Agency shall inform the same to the relevant subsidiary which may take

necessary actions regarding adjustment/any other action as deemed required as per the provisions of the scheme document.

3.5.3 Issuance of Letter of Intent

On behalf of concerned Coal company, the auction service provider, on completion of the auction process(wholly/partially) of the concerned subsector and upon receipt of clearance/order/advice/intimation from CIL/Coal company for issuing Letter of Intent shall issue a letter of intent in the format set out in Annexure VIII (“LOI”) to each of the Successful Bidders in respect of inter alia the Allocated Quantity of such Bidder from subsidiary coal company pursuant to the Steel sub-sector Tranche VII Coal Linkage Auction. The terms of this Scheme Document shall be deemed to be incorporated in the LOI by reference and to form a part of the LOI and the relevant Subsidiary shall be entitled to exercise all its rights and remedies as stipulated in this Scheme Document.

3.5.4 Execution of the Agreement

The Agreement shall be executed between the Successful Bidder and the relevant Subsidiary in respect of the Allocated Quantity (from a particular Lot) from such Subsidiary, through electronic platform of auction service provider, in the following manner:

- The Successful Bidder shall, within 90 (Ninety) days(Initial Period) of issuance of the LOI to it, submit/upload the Performance Security and documents specified in Annexure IX and any clarification in the documentation required/asked thereof, duly authenticated, in the online platform/portal of auction service provider. The auction service provider will be responsible for verification/vetting/crosschecking of documents/details submitted by the bidder for the purpose of signing Fuel supply agreement.
- In case of non completion of the above within initial Period of 90 days by the bidder, the Successful Bidder shall get opportunity to seek additional time of another 90 days(30+30+30 days in three phases) for completing the required formalities. For availing each additional time of 30 days, the willing bidder shall be required to submit non-adjustable & non-refundable penalty @ Rs. 25/ton(Extension Fees), in RTGS/electronic mode along with request letter for providing extension of timeline(Maximum Rs. 75/ton for 90 days extension in three phases). The Extension fee deposition details and request letter for timeline extension addressed to coal company are to be uploaded in electronic platform/portal of auction service provider. In case, even after extension of such timeline, the FSA could not be executed due to reason attributable to the bidder, the Bid Security of the bidder will be forfeited along with Extension Fees.
- In case of submission of Performance Security in Bank Guarantee mode, the original BG will be required to be submitted by the bidder to the Auction Service Provider prior to execution of FSA in online mode.
- In furtherance to the above, the Agreement shall be executed between the Successful Bidder and the relevant Subsidiary, through online platform of auction service provider, in respect of the Allocated Quantity (from a particular Lot) from such Subsidiary within 30 (thirty) days of receipt of performance security(verification of BG) & completion of formalities of documentation as per permissible timeline.
- At any point of time prior or after execution of FSA, the coal company may crosscheck documents

submitted by the bidders, if required, and may take necessary corrective/appropriate action in case of any shortcomings/discrepancy in the documents submitted by the bidder.

- The Successful Bidder shall not be entitled to seek any deviation, modification or amendment in the Agreement, except with the prior written approval of the relevant Subsidiary. The terms of this Scheme Document shall be deemed to be incorporated in the Agreement by reference and to form a part of the Agreement and the relevant Subsidiary shall be entitled to exercise all its rights and remedies as stipulated in this Scheme Document. In the event of any inconsistency or difference in the provisions of the Scheme Document and those of the Agreement, the provisions of the Agreement shall prevail.
- The Fuel Supply Agreement (FSA), executed thereof, shall be valid for the entire tenure of the agreement from the date of completion of signing by both Seller and Buyer. Any premature exit by the Consumer/Buyer except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade/Govt. regulation shall attract following penal provisions for the Consumer/Buyer:
 - (a) Forfeiture of Earnest Money Deposit (EMD)/Bid Security, Extension Fees(if any) & Process fee
 - (b) Debarment from participation in immediately next/subsequent tranche of linkage auction after exit from FSA.

In case the Successful Bidder fails to execute Fuel Supply Agreement (FSA) with the concerned Coal Company (Seller) post bidding except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade/Govt. regulation, the following penal provisions shall be applicable for the Consumer/Buyer:

- (a) Forfeiture of Earnest Money Deposit (EMD)/Bid Security, Extension Fess(if any) & Process fee
- (b) Debarment from participation in immediately next/subsequent tranche of linkage auction of the concerned tranche where the Bidder has participated.

3.6 Tests of Responsiveness

CIL/Coal company/ auction service provider may at any time prior to issuance of the LOI and the relevant Subsidiary Coal company/ auction service provider may at any time post issuance of the LOI(till execution of agreement for Service Provider), determine whether the documents, information and/ or payments in relation to the Conditions to Auction or the Bids have been submitted or received from the Bidder in accordance with the requirements of this Scheme Document. CIL/Coal company/Auction service provider reserves the right to disqualify the bidder/cancel the bid or LOI(including penal consequences) in case of finding shortcomings in documentation and/or non submission of performance security or adverse finding in bidding outcome. CIL or the relevant Subsidiary, as the case may be, reserves the right to disqualify any Bidder, cancel the LOI, terminate the Agreement and forfeit the Bid Security, Process Fee and/ or Performance Security, as the case may be, if it is of the opinion that the Conditions to Auction or any other requirements for subsequent submissions have not been duly satisfied and no request for alteration, modification, substitution or withdrawal shall be considered or permitted by CIL or the relevant Subsidiary, as the case may be, in respect of the documents/ information submitted with

respect to the Conditions to Auction, subsequent documents or payments with respect to the Bids. While making any determination with respect to responsiveness of any documents, information and/ or payments submitted or received from the Bidder, CIL or the relevant Subsidiary, as the case may be, may consider such parameters as it may deem relevant including considerations that the same:

- (i) are as per the prescribed formats and have been submitted or paid in the manner stipulated in this Scheme Document;
- (ii) have been submitted by the Due Date including any extension thereof;
- (iii) contain all the information (complete in all respects) as requested in this Scheme Document;
- (iv) are not incorrect, false or misleading etc.;
- (v) do not contain any conditions or and/ qualifications;
- (vi) have been provided in relation to one Specified End Use Plant; and
- (vii) are generally not considered to be non-responsive in terms of any other parameters as may be considered relevant by CIL.

Save and except as provided in this Scheme Document, CIL or the relevant Subsidiary, as the case may be, shall not entertain any correspondence with any Bidder in relation to disqualification of a Bidder in accordance with this Clause 3.6.

3.7 Pre-Auction Consumer Conference

- 3.7.1 Pre-auction consumer conference(s) of the prospective Bidders may be convened at a time and place specified by CIL in physical/virtual mode. However, conducting the same shall be sole discretion of CIL. During the course of Pre-auction consumer conference(s), the prospective Bidders will be free to seek clarifications and make suggestions for the consideration of CIL.
- 3.7.2 CIL shall endeavour to provide clarifications and such further information as it may, in its sole discretion, consider appropriate for facilitating a fair, transparent and competitive auction process. Each query should contain complete details of facts, information and Applicable Law germane to the query and also the particulars of the person posing the query. CIL reserves the right to not answer any query, including any query which is incomplete or anonymous.
- 3.7.3 CIL may also on its own motion, if deemed necessary, issue interpretations and clarifications to all prospective Bidders. All clarifications and interpretations issued by CIL shall be deemed to be part of the Scheme Document. However, any non-written clarifications and information provided by CIL, its employees or representatives in any manner whatsoever shall not in any way or manner be binding on CIL.

3.8 Schedule of the Auction Process

The schedule of the auction process shall be notified separately. Any change in the timeline shall be communicated through an addendum and/or corrigendum to the Scheme Document.

3.9 Periodic Payments by the Successful Bidder

The price to be paid by the Purchaser with respect to the Contracted Grade of Coal delivered shall be computed on the basis of the following:

(A) Indexation of supply price for NRS linkage auction-

- Wholesale Price Index (WPI) will be used for indexing of the basic price of NRS Linkage auction by applying on prevailing Modulated Price as on 31st March of the year (for the first year of indexing i.e. on 1st April 2023, WPI will be applicable on Notified Price to arrive Modulated Price). Indexation of basic price may be done to the extent of 25% (1/4th) of the movement of WPI.
- The change in price with WPI (Indexed Price) over previous year shall have a cap of +5%/-2.5% at the upper end and lower end.
- The Modulated Price, applicable for supply, shall be the Indexed Price or the prevailing notified price for NRS consumers, whichever is higher. In case of revision in Notified Price anytime during the year, the new Modulated Price shall be arrived by taking the Notified price or the prevailing Modulated Price, whichever is higher. The new Modulated Price will be effective from the date of such revision. The Modulated Price, so arrived, will be rounded off to the next higher integer.
- The Modulated Price will be calculated on the basis of movement of final WPI index of December every year vis a vis December last year and will be made effective from 1st of April of the following year, starting from 1st April 2023.
- The Winning Premium fetched at the time of auction (over Reserve Price) will remain constant and shall be applicable as a percentage over the Modulated Price.
- In case there is change in Modulated Price during the course of auction of a subsector, either due to change in notified price or application of new Modulated Price (in April), the ongoing auction will continue with the earlier modulated price. However, during actual supply, the new Modulated Price will be applicable.
- In case of upward revision of price (Modulated Price), the additional performance security (covering 6% of ACQ) shall have to be deposited by the bidder to coal company within 30 days of such revision.
- CIL reserves the right to change/amend/modify the above mentioned indexation methodology/parameters and the same shall be binding on Seller and Purchaser for all commercial and operational provisions under this agreement.

As Delivered Price of Coal: In addition to the payments specified in this Scheme Document, the Successful Bidder shall be required to make periodic payments for the coal supplied under the Agreement on the basis of the following formula:

[(aggregate of the Modulated Price and (the Winning Premium multiplied by the Modulated Price) multiplied by (the Allocated Quantity supplied under the Agreement)].

An illustration with respect to the computations envisaged above in Clause 3.9 is provided below:

- *Notified price on 01.04.2023 = N1*
- *The indexed price calculated on the basis of Dec '22 (vis a vis Dec '21) WPI = W1*
- *Modulated Price (Y) w.e.f 01.04.2023 will be the higher of W1 & N1*
- *(Say) Notified price revised w.e.f. 01.10.2023 = N2*
- *Modulated Price (Z) w.e.f 01.10.2023 will be the higher of Y & N2*
- *The modulation of price (higher of WPI & notified price from 01.04.2024) will be on the basis of Z.*
- *Basic Coal supply price from 01.04.2024 = Z + (Z x %premium)*

Reserve Price(Notified Price as on 31.01.2023) of auction (Rs./tonne)	2000
Premium (Rs./tonne)	400
Bid Price of the Successful Bidder (Rs./tonne)	2400
% Premium over Reserve Price (to remain constant)	20%

Indexation of price with WPI	
Change in WPI for Dec'22 vis a vis Dec'21	14%
Applicable percentage of WPI for coal price indexing(say 25%)	3.5%
Indexed price	2070
Notified price as on 01.04.2023	2000
Modulated price applicable for supply from 01.04.2023	2070
Premium(20% of Modulated Price)	414
Basic coal supply price	2484

(B) OTHER CHARGES :

The Successful Bidder shall also be liable to pay the following pursuant to the Agreement:

- (a) all royalties, taxes, duties, cesses and such statutory levies due to the State Government, Central Government and/ or to any other statutory authority in connection with the supply, dispatch or delivery of the specified grade of coal; and
- (b) sizing charges, transportation charges up to the relevant delivery point, loading charges, statutory charges, levies and such other charges as may be applicable from time to time.
- (c) In all cases the entire freight charges, irrespective of the mode of transportation of the Coal supplied, shall be borne by and to the account of the Purchaser.
- (d) Notwithstanding anything to the contrary contained herein, the Purchaser shall be liable to make payment to the Seller in terms of this Agreement, on the basis of Contracted Grade with respect to all quantity of Coal supplied, irrespective of when and in what condition the loaded wagons/ rakes/ road transport vehicles reach or do not reach the destination.

3.10 Process Fee

3.10.1 The Bidders shall also be required to submit a process fee in the form of an earnest money deposit (“**Process Fee**”) within the timelines stipulated in Clause 3.8.

3.10.2 The Process Fee payable shall be as per the following formula:

Rs. 20 (Indian Rupees Twenty) per tonne (inclusive of GST) multiplied by the Link Quantity across various Lots.

3.10.3 The Bidder shall ensure that the Process Fee shall, at any time during the auction process, correspond to its Link Quantity. In case a Bidder decides to change the bidding strategy by opting to Bid for a different Link Quantity in a specific Lot, which requires additional Process Fee to be paid, the Bidder shall be required to top up the Process Fee no later than 1 (one) business day prior to the scheduled auction of the Coal Linkages from the relevant Lot.

- 3.10.4 The payments made by Bidders towards the Process Fee will be paid into a bank account, the details of which are provided in *Annexure V*.
- 3.10.5 The Process Fee pertaining to the Allocated Quantities of each Successful Bidder prior to any adjustment with respect to year-on-year scheduled production, will be debited towards transaction expenses for running the auction process and the balance Process Fee shall be refunded from the bank account (details of which are provided in *Annexure V*), without interest, to the relevant Successful Bidder after completion of the Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII. In the event that a Bidder does not qualify as a Successful Bidder, the entire amount of the Process Fee, without any interest, shall be refunded to such Bidder after completion of the Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII.

5.6 Amendment of the Scheme Document

- 5.6.1 At any time prior to the last date (as specified in Clause 3.8) for submission of information, documents and payments pertaining to Conditions to Auction (“**Due Date**”), CIL may for any reason, whether at its own initiative or in response to clarifications requested by a Bidder, modify the Scheme Document by the issuance of an addendum and/ or corrigendum and/or updated Scheme Document.
- 5.6.2 Any addendum and/ or corrigendum and/or updated Scheme Document issued hereunder will be in writing and shall be accessible to all the Bidders and shall be deemed to be part of the Scheme Document.
- 5.6.3 In order to afford the Bidders a reasonable time for taking an addendum and/ or corrigendum into account, or for any other reason, CIL may, in its sole discretion, extend the Due Date in accordance with Clause 5.7.

5.7 Due Date and Extension

- 5.7.1 The information, documents and payments pertaining to Conditions to Auction should be submitted/ uploaded at least 1 (one) business day prior (till 17: 00 hours IST) to the date of auction of the Lot in which the Bidder intends to participate in accordance with the process specified in *Annexure V*.
- 5.7.2 CIL may, in its sole discretion, extend the Due Date by issuing an addendum and/ or corrigendum in accordance with Clause 5.6, uniformly accessible for all Bidders.
- 5.7.3 Any submission of information, documents and payments pertaining to Conditions to Auction after the Due Date shall not be eligible for consideration and shall be summarily rejected.

5.8 Rejection

- 5.8.1 Notwithstanding anything contained in this Scheme Document, CIL reserves the right to reject any Bid and/ or to annul the auction process relating to one or more Lots and reject all Bids at any time without any liability or any obligation for such acceptance, rejection or annulment and without assigning any reasons thereof.
- 5.8.2 CIL reserves the right not to proceed with the auction process at any time, without notice or liability, and to reject any Bid without assigning any reasons.
- 5.8.3 Without prejudice to the generality of the foregoing, CIL reserves the right to reject any Bid on any criteria specified in this Scheme Document, including without limitation, the following:

- (a) Bids have not been submitted with all the information and details listed in this Scheme Document;
- (b) the information, documents and/ or payments with respect to the Condition to Auction are determined to be non-responsive in terms of Clause 3.6;
- (c) Bids have been submitted without Bid Security and Process Fee; and
- (d) Bids have otherwise not been submitted in accordance with the Scheme Document.

6 Bid Security

- 6.1 Each Bidder shall furnish, as part of the Conditions to Auction, a bid security in the form of an earnest money deposit (“**Bid Security**”). The Bid Security shall be Rs. 100 (Indian Rupees One Hundred) per tonne of the Link Quantity across various Lots. The payments made by Bidders towards the Bid Security will be made into a designated bank account, the details of which are specified in *Annexure V*. The payments made towards Bid Security in the above mentioned bank account shall be transferred to the relevant Subsidiaries or shall be refunded in accordance with the provisions of Clause 6.3.
- 6.2 The Bidder shall ensure that at any time during the auction process, its Bid Security is adequate vis-à-vis the intended Link Quantity. In case a Bidder decides to change the bidding strategy by opting to Bid for a different Link Quantity in a specific Lot, which requires additional Bid Security, the Bidder will be provided with the flexibility to top up the Bid Security at least 1 (one) business day prior to the scheduled auction of Coal Linkages pertaining to the Lot.
- 6.3 Save and except as provided in this Scheme Document, the refund of Bid Security submitted by a Bidder will be as under:
- (a) the Bid Security pertaining to the Allocated Quantity of the Successful Bidder prior to any adjustment with respect to year-on-year scheduled production will be returned by the relevant Subsidiary to the Successful Bidder, without any interest, post submission of executed copies of Agreement to the relevant Subsidiary; and
 - (b) the balance Bid Security of the Successful Bidder (net of amounts retained under Clause 6.3(a) above), if any, and the entire Bid Security of other Bidders shall be returned by the Service Provider to the Successful Bidder or Bidder, as the case may be, without any interest, post completion of the Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII.
- 6.4 The Bid Security shall be liable to be forfeited and appropriated *inter alia* in any of the events specified in Clause 6.5 or elsewhere in this Scheme Document. The Bidder, by participating in the auction process pursuant to this Scheme Document, shall be deemed to have acknowledged and confirmed that CIL and the relevant Subsidiary will suffer loss and damage on account of any default by the Bidder during the period of Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII. No relaxation of any kind on Bid Security shall be given to any Bidder.
- 6.5 The Bid Security shall be forfeited as damages without prejudice to any other right or remedy that may be available to CIL and/ or the relevant Subsidiary under the Scheme Document and/ or under the Agreement, or otherwise, under, *inter alia*, the following conditions:

- (a) The information, documents and/ or payments with respect to the Conditions to Auction are determined to be non-responsive in terms of Clause 3.6;
- (b) If a Bidder engages in a Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice as specified in Clause 8 of this Scheme Document;
- (c) In the case of a Successful Bidder, if it fails within the time limits specified in Clause 3.5.4:
 - (i) to furnish the Performance Security;
 - (ii) to submit the documents specified in *Annexure IX* together with such other documents as may be requested by CIL or the relevant Subsidiary; or
 - (iii) to execute the Agreement,in which case, the Bidder will also cease to be a Successful Bidder.
- (d) In case prospective/ Successful Bidder does not provide information as per Clause 9.6

7 Performance Security

7.1 Performance Security

- 7.1.1 The Successful Bidder, shall provide to the relevant Subsidiary, a Performance Security in the form of an irrevocable and unconditional guarantee from an Acceptable Bank, or in the form of a non-interest bearing security deposit, for the performance of its obligations under the Agreement within such time as specified in Clause 3.5.4. The amount of Performance Security shall be computed as follows:

Performance Security = {[Allocated Quantity of the Successful Bidder] multiplied by [6% of the aggregate of the Reserve Price and Winning Premium(in %) multiplied by Reserve Price

**for the purpose of computation of the Performance Security, Allocated Quantity shall be the Allocated Quantity prior to any adjustment with respect to year-on-year scheduled production*

- 7.1.2 The Performance Security shall be provided to the relevant Subsidiary to the extent of the Allocated Quantity from such Subsidiary. The Performance Security, if provided in the form of a bank guarantee, shall remain valid till 3 (three) months from the date of expiry of the Agreement. The Performance Security, if provided in the form of a non-interest bearing security deposit, shall be refunded to the Successful Bidder 3 (three) months after the date of expiry of the Agreement.
- 7.1.3 The amount of Performance Security stipulated in Clause 7.1.1 is to be kept in full throughout the tenure of the agreement and shall be suitably revised in case of change in Price in accordance with Clause 3.9. In case the Performance Security was provided in the form of a bank guarantee, upon such revision, the Successful Bidder may:
- (a) provide a new bank guarantee issued by any Acceptable Bank for the revised value; or
 - (b) provide an additional/ top up bank guarantee issued by any Acceptable Bank for an amount corresponding to the incremental value of the Performance Security.

Alternatively, the bank guarantee constituting the Performance Security may be suitably amended for the revised value computed as per Clause 3.9. The revised/ amended/ top up bank guarantee shall be provided within a period of 30 (thirty) days of such revision.

In case the Performance Security was provided in the form of a security deposit, upon such revision;

- (a) the Successful Bidder shall deposit additional amount towards the security deposit; or

(b) the relevant Subsidiary shall refund the excess value of the security deposit.

7.1.4 The Performance Security, if provided in the form of a bank guarantee shall be in substantially the form as provided in *Annexure X*. The Performance Security, if provided in the form of a security deposit shall be non-interest bearing.

7.2 Forfeiture of Performance Security

The Performance Security may be forfeited by the relevant Subsidiary in the manner specified in the Agreement.

8 Fraud and Corrupt Practices

8.1 The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the auction process and subsequent to the issue of the LOI and during the subsistence of the Agreement. Notwithstanding anything to the contrary contained herein, or in the LOI or the Agreement, CIL may reject a Bid, cancel the LOI, or terminate the Agreement, as the case may be, without being liable in any manner whatsoever to the Bidder or the Successful Bidder, as the case may be, if CIL determines that the Bidder or Successful Bidder, as the case may be, has, directly or indirectly or through an agent, engaged in Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice in the auction process. In such an event, CIL shall be entitled to forfeit and appropriate the Performance Security, Bid Security or Process Fee, as the case may be, as damages, without prejudice to any other right or remedy that may be available to CIL under the Scheme Document and/ or the Agreement, or otherwise.

8.2 Without prejudice to the rights of CIL under Clause 8.1 and under the LOI or the Agreement, or otherwise if a Bidder or Successful Bidder, as the case may be, is found to have directly or indirectly or through an agent, engaged or indulged in any Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice during the auction process, or after the issuance of the LOI or the execution of the Agreement, such Bidder or Successful Bidder shall be disqualified from participating in the Coking Coal Auction for Steel Sub-sector: March 2024 under Tranche VII and any subsequent instance of auction of coal linkage for the non-regulated sector conducted by CIL or any specific tenure as may be specified in the Scheme/FSA document, as the case may be .

8.3 For the purposes of this Clause 8, the following terms shall have the meaning hereinafter respectively assigned to them:

(a) “**Corrupt Practice**” means (i) the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any Person connected with the auction process (for avoidance of doubt, offering of employment to or employing or engaging in any manner whatsoever, directly or indirectly, any official of CIL who is or has been associated in any manner, directly or indirectly, with the auction process or the LOI or has dealt with matters concerning the Agreement or arising therefrom, before or after the execution thereof, at any time prior to the expiry of 1 (one) year from the date such official resigns or retires from or otherwise ceases to be in the service of CIL, shall be deemed to constitute influencing the actions of a Person connected with the auction process); or (ii) save and except as permitted under this Scheme Document, engaging in any manner whatsoever, whether during the auction process or after the issue of the LOI or after the execution of the Agreement,

as the case may be, any Person in respect of any matter relating to the auction process or the LOI or the Agreement, who at any time has been or is a legal, financial or technical adviser of CIL in relation to any matter concerning the auction process;

- (b) “**Fraudulent Practice**” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the auction process;
- (c) “**Coercive Practice**” means impairing or harming, or threatening to impair or harm, directly or indirectly, any person or property to influence any Person’s participation or action in the auction process;
- (d) “**Undesirable Practice**” means (i) establishing contact with any Person connected with or employed or engaged by CIL with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the auction process; (ii) having a conflict of interest; or (iii) violating of any Applicable Law; and
- (e) “**Restrictive Practice**” means forming a cartel or arriving at any understanding or arrangement among Bidders with the objective of restricting or manipulating a full and fair competition in the auction process.

9 Other Provisions

9.1 The auction process shall be governed by, and construed in accordance with, the laws of India and any dispute arising out of or in connection with this Scheme Document shall be subject to the exclusive jurisdiction of the courts in Kolkata, India.

9.2 CIL, in its sole discretion and without incurring any obligation or liability, reserves the right, at any time, to:

- (a) suspend and/ or cancel the auction process with respect to Coal Linkages from one or more Lots and/ or amend and/ or supplement the auction process or modify the dates or other terms and conditions relating thereto;
- (b) consult with any Bidder in order to receive clarification or further information;
- (c) retain any information and/ or evidence submitted to CIL by, on behalf of, and/ or in relation to any Bidder; and/ or
- (d) independently verify, disqualify, reject and/ or accept any and all submissions or other information and/ or evidence submitted by or on behalf of any Bidder including the self-certificate submitted in accordance with Clause 3.3.2(a)

9.3 It shall be deemed that by submitting the Bid, the Bidder agrees and releases CIL, its employees, subsidiaries, agents and advisers, irrevocably, unconditionally, fully and finally from any and all liability for claims, losses, damages, costs, expenses or liabilities in any way related to or arising from the exercise of any rights and/ or performance of any obligations hereunder, pursuant hereto and/ or in connection with the auction process and waives, to the fullest extent permitted by Applicable Laws, any and all rights and/ or claims it may have in this respect, whether actual or contingent, whether present or in future.

9.4 Proprietary data

All documents and other information supplied by a Bidder to CIL shall remain or become the property of CIL. It will not return any Bid or any information provided by the Bidder.

9.5 Swapping/Rationalization

Notwithstanding anything above, the linkage/FSA secured/entered by a successful bidder may be considered for swapping/rationalization in line with Government policy/methodology formulated for effecting the same.

9.6 Outcome of IBC proceedings to be shared

Prospective/ Successful Bidders shall be required to inform CIL about any pending proceedings/ outcome of if any, against the Bidder under the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) (as amended from time to time), through relevant Board resolutions/ intimation by Company Secretary/ self-declaration by proprietors/ partners (in case of proprietorship or partnership firm respectively). In case of non-intimation about referral/ commencement of IBC proceedings before the National Company Law Tribunal (“**NCLT**”) or Debt Recovery Tribunal (“**DRT**”), as the case may be, by the Bidder prior to participation in the auction process or execution of the Agreement, and such lapse comes to the notice of CIL, the Bid Security submitted by the Bidder shall be forfeited. The Agreement shall be executed only if the matter is resolved in favour of the Bidder by the NCLT/ DRT, as the case may be, subject to Clause 9.7 of this document.

9.7 Modalities for banning/blacklisting of NRS consumers for misutilization/ misdirection of coal:

The detailed guidelines in this regard is enclosed as Annexure IV of this Scheme Document and shall be binding to both the parties.

9.8 Tenure of Fuel Supply Agreement(FSA):

On being successful in the auction, the successful bidder shall have to fulfil all commercial and documentational formalities as per extant provision/terms of Scheme and FSA document to the satisfaction of the Seller for execution of Fuel Supply Agreement of 10 years tenure or life of the mine/source , whichever is earlier..

In case any consumer establishes Captive mode of transport (MGR, Belt, Pipe Conveyor, Rope), capable for transporting at least 80% of the FSA quantity, the consumer will have the option to extend the tenure of FSA for further 5 years. Such supply through captive mode shall attract facilitation charge of 10% over the Modulated Price applicable for coal supply. The coal company shall determine the fulfillment of eligibility criteria regarding captive mode of transport as mentioned above, prior to such extension of tenure of FSA.

9.9 Procedure for execution of Agreement:

On submission of required documentation and performance security in electronic/digital mode, the Auction Service Provider will examine the documents and verify receipt of Performance Security. In case of any clarification/discrepancy, the Auction Service Provider/CIL/Coal company may seek necessary clarification/documentation from the bidder. On found satisfactory, the Fuel supply agreement(FSA) will be prepared in the digital/electronic platform. The duly filled up draft FSA will be made available by Auction Service Provider to the Bidder for signing the FSA document using digital signature/signature of authorized representative . The signed(of bidder) FSA document will then be signed by concerned Coal Company through digital/electronic mode using their digital signature/signature of authorized representative. The FSA document executed by both the parties will be available in the portal of Auction Service Provider for further use. In case of any post execution correction/amendment is required in the FSA document, the same may be done by coal

company and the bidder in coordination with Auction Service Provider.

Post execution of agreement, the Auction Service Provider will transfer the original documents, if any, and/or applicable amount pertaining to each bidder to the concerned coal company.

Annexure IV –

Modalities for banning/blacklisting of NRS consumers for misutilization/misdirection of coal

A. Major circumstances of Banning/Blacklisting for misutilization/misdirection of coal:

- Communication from Statutory authorities like CBI, Police, Court of law etc. containing allegations/finding/ establishing charge(s) of misutilization of coal against any non-power unit and/ or its director/management.
- Finding of the instance of misutilization of coal internally by the coal company.

B. Detailed Operative Guideline regarding period of suspension/banning covering the aspects of supply of coal under FSA and participation in linkage auction:

1. Complain regarding misutilization of coal received from statutory authorities/ CBI/ Investigating agencies:

i. Supply of coal under Fuel Supply Agreement:

- a. Upon receipt of any adverse report/ order, coal supply and further transaction under Fuel Supply Agreement will be stopped for concerned non-power unit immediately.
- b. If charge sheet is not filed before relevant adjudicating forum within 6 months of such suspension, the supply/transaction will be resumed with the rider that suspension may be re-imposed on filling of charge sheet at any point of time, under intimation to the concerned authority. In case charge sheet is issued subsequently, supply/transaction will again be suspended.
- c. If the charge sheet is filed within six months of such suspension, the suspension of supply and transaction will continue.
- d. In case charge sheet is filed, suspension will be re-imposed and supply of coal will only be restored as per terms of FSA only on acquittal/clearance or an order to that effect by the investigating agency or Court.
- e. In case a unit or its director is found guilty/convicted, suspension will continue for a period of 5 years, effective from the date of commencement of last suspension or the completion of penalty, whichever is earlier.
- f. Since any conviction amounts to material breach of the agreement, the EMD/Security deposit, as it may, in such cases shall stand forfeited.

ii. Participation under NRS Linkage auction:

- a. On receipt of communication from statutory authority, the consumer put under suspension will be eligible to participate in the NRS Linkage auction till charge sheet is filed. However, in case the charge sheet is filed, the unit will not be eligible to participate in any auction and/ or to sign the FSA till his acquittal/clearance.
- b. In case charge sheet is not issued within 6 months of completion of auction of the relevant subsector(where the unit has participated) FSA shall be signed and supply shall be commenced. However, such supply shall be guided by the procedure mentioned at 1(i) above.
- c. In case charge sheet is issued within 6 months of completion of auction of the relevant subsector(where the unit has participated), the bid shall not be converted to FSA and relevant bid security shall be forfeited.
- d. If found guilty/convicted, banning for participation will continue for a period of 5 years effective from date of commencement of last suspension/ date of conviction, whichever is earlier.

2. Misutilization of coal as per findings of coal company:

i. Supply of coal under Fuel Supply Agreement:

- a. On finding the evidence/proof of diversion of coal or discrepancy in the coal stock (5% or more) against coal procured under any of present FSA, will be sufficient reason to put concerned NRS linkage holding unit under suspension.
- b. On scrutiny within 3 months from the date of primary suspension, if misutilization is not proved, the coal supply shall be resumed.

c. In case misutilization of coal under any present or past FSA is proved at any point of time, supplies to the unit will be suspended for 5 years. In such case, all running FSA/LOI will be terminated as per provision of Scheme/FSA/guideline by treating it as gross material breach of the intent for which agreement(s) was/ were entered into with consequent forfeiture of EMD/ SD, as it be.

ii. Participation under NRS Linkage auction:

a. On finding the evidence/proof of diversion of coal or discrepancy in the coal stock (5% or more) against coal procured under any of present FSA, participation in linkage auction of the unit shall not be restricted. However, signing of FSA shall be put on hold for the time being.

b. In case misutilization is not proved within 3 months from the date of primary finding by Coal Company, FSA shall be signed. Supply shall be guided by the above mentioned methodology as at 1(i) above.

c. In case misutilization of coal under any present or past FSA is proved at any point of time, participation under NRS Linkage auction shall be suspended for maximum period of 5 years from the date of communication of such order to this effect.

C. **Show Cause Notice:** All the above cases where coal supplies are to be suspended & signing of FSA withheld or FSA is contemplated to be terminated, a prior Show-Cause notice shall be issued to the concerned party.

D. **Change of Plant ownership:** In the event of transfer of end use plant/takeover of a company/change of management/change of name etc. (including but not limited to NCLT and other Governmental proceedings) during the period of debarment, the new owner shall remain debarred for the remaining period of suspension of 5 years.

E. **Undertaking by Unit:** All the bidders/ FSA holders shall submit an undertaking in the form of an affidavit sworn before appropriate authority about factual status of investigations, if any and its current status against them by investigating agency or Court of law, regularly once a year.

F. Treatment of cases against which misutilization of coal was reported earlier and action already taken by coal companies-

The above provisions will also apply to all the units uniformly, including those suspended earlier, and based on certain reference/ findings of Coal Company / statutory authority. In case the stipulated period of suspension/ banning, as it may, has already exceeded five years, the status of such units shall stand restored automatically, in line with aforesaid recommendations. Coal company shall make necessary intimation/communication to all concerned including Linkage Auction service provider regarding invoking and revoking banning/suspension for supply/participation on any unit/consumer, as deemed required

Annexure V – Technical Details with respect to electronic auction

1. Registration Methodology

In order to participate in the auction of Coal Linkages, a Bidder would be required to register its Specified End Use Plant with the e-auction website of MJUNCTION SERVICES LIMITED Limited (“**MJUNCTION SERVICES LIMITED**”). For this, the Bidder should visit the website of MJUNCTION SERVICES LIMITED namely

<https://auction.coaljunction.com/CoalWeb/getLinkageSignUpAction.do>

and click on the button “**Registration**”.

It may be noted that Bidders already registered for the coal linkage auctions of either CIL and/ or SCCL, must necessarily use the same registration for the same Specified End Use Plant.

On the next page, the Bidder shall click on the link “Register as Bidder” and an online Registration Form will appear on the screen and the Bidder would be required to fill up the same. During this process, Bidder would be required to create its “user id” and “password” and keep note of the same. Bidder should ensure that the secrecy of its userid and password is maintained at all time and Bidder shall alone be responsible for any misuse of the user id and password. Bidder may also refer to the “Bidder’s Guide” available online in the above mentioned website for assistance. The Bidder shall ensure that the entries made while filling up the Form are correct including the name of the Specified End Use Plant and should select the correct sub-sector name from the dropdown menu.

The Bidder registration on the Electronic Platform shall be linked to Specified End Use Plant and each Specified End Use Plant may be registered only once on the Electronic Platform. It must be noted that units located within the same plant boundary are allowed to be registered as one Specified End Use Plant. However, once the units are combined and registered as single Specified End Use Plant, they cannot be split subsequently.

Bidder should read carefully the **GENERAL TERMS & CONDITIONS OF e- AUCTION** and **BIDDER SPECIFIC TERMS & CONDITIONS (BSTC)** before submitting the Registration Form.

On successful submission of the online registration Form, Bidder shall receive a confirmation e-mail at the registered email address advising the Bidder to submit the following documents:

1. Self-attested Income Tax PAN Card. In case of a registered Company or Firm, the Firm's PAN card and in case of a proprietorship firm, proprietor’s personal PAN card is required. In case of partnership firm, PAN of the firm and that of the authorized partner are to be submitted.
2. Self-attested GSTIN Registration certificate.
3. Copy of the confirmation email Letter received from MJUNCTION SERVICES LIMITED after successful completion of on-line registration and containing buyer

registration details of the Bidder.

4. A non-refundable registration fee of Rs 10,000/- plus applicable GST to be paid by NEFT to the following bank account through Payment Gateway available in the portal after registration for buyers who are not registered in MSTC.

The Bidder shall have to submit all the above documents along with the details of the payment made towards Registration Fee like UTR No, remitting bank name, date of payment and amount to MJUNCTION SERVICES LIMITED for verification and activation of their login ids. The Bidder should send scanned copies of the above documents to the designated email id only which is given below in case of any discrepancy or requirement.

coaljunction@mjunction.in

Once the scanned documents and requisite registration fee are received from the Bidder, MJUNCTION SERVICES LIMITED shall activate Bidder's login after verification/scrutiny of the documents. MJUNCTION SERVICES LIMITED reserves the right to call for additional documents from the Bidder if needed and the Bidder shall be obliged to submit the same.

On completion of the above stated registration process, a Bidder shall be able to login to MJUNCTION SERVICES LIMITED's website.

2. Submission of Information/ Documents for Conditions to Auction

To submit the information/ documents for Conditions to Auction, the Bidder shall login to the above mentioned website with its user id and password and click on the link RFP Information.

(i) Details of Specified End Use Plant

- (a) *Bidders who have submitted RFP Information earlier for their respective Specified End Use Plant.*

As Bidders who have submitted RFP Information earlier for the respective Specified End Use Plant (under any previous Tranche of CIL and/or SCCL), have already provided details pertaining to their **existing fuel supply agreements as on a specific cut-off date ("Cut-Off Date")**, such Bidders shall only be required to provide the following details:

A. FSA Details

Details of the annual contracted quantity of fuel supply agreements that (1) have expired post the Cut-Off Date corresponding to the most recent Tranche of auction in which they had participated and (2) will expire by the Cut-Off Date for Tranche VII i.e. 30.09.2024. It is clarified that only details of fuel supply agreements under The New Coal Distribution Policy and NRS Linkage auction shall be considered for this purpose.

Such expired quantity of coal, deemed at Washery Grade-IV grade, will be added to the presently calculated/displayed Normative Coal Requirement of the Specified End

Use Plant on the Electronic Platform. Thus, such Bidders will become eligible to participate for a new Normative Coal Requirement, which will be the sum total of the presently calculated/displayed Normative Coal Requirement and the Normative Coal Requirement arising from the lapsed fuel supply agreement quantity as mentioned above.

In case more than one fuel supply agreement has expired/ shall expire during the above mentioned period between the Cut-Off Date for the most recent Tranche of auction in which the Bidder had participated and the Cut-Off Date for this auction, the Bidder should mention about the expired quantity date wise separately for each lapsed fuel supply agreement.

B. Details of the Scheduled Production as per the Self-certificate submitted by the Bidder in accordance with Clause 3.3.2

The responsibility of submitting correct information lies entirely with the Bidder. If it is found at any later stage that the Bidder has submitted false/ incorrect information either intentionally or inadvertently, action as per the provisions of this Scheme Document will be taken against such Bidder.

(b) Bidders who are submitting RFP Information for the first time for the respective Specified End Use Plant.

Bidders who are submitting RFP Information for the first time for the respective Specified End Use Plant (i.e. Bidders who have not submitted information pertaining to the Conditions to Auction for the respective Specified End Use Plant under any earlier instance of auction conducted by CIL and/or SCCL) are required to submit information about the capacity of each Specified End Use Plant (in Tonnes Per Day i.e. TPD of hot metal) for which Coal Linkage is being sought along with the Scheduled Production of coking coal as per the self-certificate submitted by the Bidder in accordance with Clause 3.3.2 from their captive coal mine(s) along with the grade. This is a pre-requisite for participating in the Non-Discriminatory Ascending Clock Auction Process. The responsibility of submitting correct information lies entirely with the Bidder. If it is found at any later stage that the Bidder has submitted false/ incorrect information either intentionally or inadvertently, action as per the provisions of this Scheme Document will be taken against such Bidder.

It is clarified that for the purposes of providing information about the capacity of the Specified End Use Plants, such Bidders shall enter the fuel supply agreement quantities for only those fuel supply agreements that shall be valid and subsisting after the Cut Off date. Further, only details of fuel supply agreements under The New Coal Distribution Policy shall be considered for this purpose.

Based on the capacity of the Specified End Use Plant, the Electronic Platform shall calculate the annual requirement of coal in Washery Grade-IV equivalent grade and display the same on screen. The Electronic Platform shall also display the balance coal requirement of the Specified End Use Plant, which shall be the maximum quantity of coal of each grade of coking coal for which the Bidder shall be eligible to bid.

Bidders should note that utmost care should be taken to submit the above information

(ii) Payment towards Bid Security and Process Fee (EMD)

The Bidders shall have to deposit Bid Security before non-discriminatory ascending clock

auction process to MJUNCTION SERVICES LIMITED. The Bid Security shall be Rs. 100/- per tonne of the Link Quantity that the Bidder is willing to bid for. In addition, the Bidder shall also have to deposit a Process Fee of Rs. 20 per tonne of coal that it intends to bid for. Thus, the Bidder shall have to pay Rs. 120 per tonne of the Link Quantity that it intends to bid for.

To deposit the Bid Security and the Process Fee, the Bidder shall login and click on the link “e-Payment” and fill up the RTGS Application Form. The Bidder should fill up the amount that it wishes to deposit and transfer the amount through RTGS only. Bid Security and Process Fee shall not be acceptable in any other mode. Details of designated bank account for payment of Bid Security and Process Fee would be made available in the portal. Bidders are requested to follow the Bid Security and Process Fee deposition processes for their reference.

It is further clarified that the Credit Account No contains and represents Bidder’s registration number with MJUNCTION SERVICES LIMITED portal for coal linkage auction.

After remitting the amount, the Bidder shall have to send an intimation to MJUNCTION SERVICES LIMITED giving details of the payment made including Bidder Registration No, UTR No, amount, date of remittance, remitting bank etc., so that the payment can be traced at the end of MJUNCTION SERVICES LIMITED with the identity of the Bidder. Such intimation should be sent to the following email address only in case of any discrepancy or requirement.

coaljunction@mjunction.in

It may be noted that intimation about the payment made must be sent to the above email address at least one Business day prior to the scheduled auction of the Coal Linkages from the Lot in which the Bidder intends to participate. In the absence of the intimation, slippage payment made shall not be considered until notified & resolution received from Bank(s) / Payment Gateway(s).

Bidders are advised to deposit the payment towards Bid Security and the Process Fee well in advance prior to the scheduled auction of the Coal Linkages from the said Lot. It should be noted that the payments received by MJUNCTION SERVICES LIMITED in their designated bank account only up to at least one Business day prior to the scheduled auction of the Coal Linkages from the said Lot will be considered. Payment received on the day of auction for a particular Lot shall not be considered for the same day’s auction. Bidders are also advised to ensure that the payment towards Bid Security and Process Fee is submitted by the Bidder from their bank accounts so that the identity of the remitter of the payment is correctly established at the end of MJUNCTION SERVICES LIMITED. CIL and/ or MJUNCTION SERVICES LIMITED shall not be responsible if the identity of the remitter of the payment can’t be established correctly and for any subsequent loss to any Bidder.

Calculation of Bid Security and Process Fee:

If a Bidder wishes to bid for Q (tonne) quantity of coal for a Specified End Use Plant,

then it must have a balance EMD (Bid Security plus Process Fee) of Rs. 120Q before the start of the auction. For example, if a Bidder wishes to bid for 1,00,000 tonnes of coal, it must have a balance EMD amount of Rs. 1,20,00,000/-before the start of auction.

(iii) Submission of Scanned Copies of Documents as per Clause 4(C)

Bidders shall upload the scanned copies of the following documents on the Electronic Platform:

- a. an affidavit cum undertaking in the format set out in *Annexure II*;
- b. a power of attorney in the format set out in *Annexure III*;
- c. Certified true copy of the relevant authorizations authorizing the execution of power of attorney e.g. letter of authority, resolution of the board of directors, resolution of the shareholders etc.
- d. Self-Certificate for each captive coal mine as per *Annexure XI*; and
- e. documents evidencing the basis of computation of the Coal Requirement, provided that such documents shall not exceed 4MB (in size) or 10 (ten) pages;. [Not applicable if coal consumption norm is mentioned in Scheme document]

In order to upload the documents, the Bidder shall have to click on the link “Upload Documents” provided under their logins and upload the appropriate files against the options given therein.

3. Bid Submission

The Bidder who satisfies the Conditions to Auction i.e. submits the required information, documents and make payment towards Bid Security and Process Fee, can participate in the non-discriminatory ascending clock auction process. For this, the Bidder shall login to the above mentioned website of MJUNCTION SERVICES LIMITED and click on the link “Click for Auctions” followed by “Live Auctions”. The Bid Floor shall display inter alia the balance EMD and the maximum quantity of coal that the Bidder can bid for the particular grade of coal. The Bid Floor will also display the start time of e-auction, the number of the auction round, the premium for the auction round, the offered quantity of coal per annum, the grade and other details of offered coal etc. The Bidder shall quote its required quantity of coal per annum (Link Quantity) in the space provided for the same and click on the BID button. The Bidder shall have to sign the bid that it intends to submit with its registered Digital Signature Certificate (DSC). The Link Quantity should be less than or equal to the maximum quantity of coal that the Bidder can bid for the particular grade of coal and the balance EMD of the Bidder should be sufficient for the quantity quoted.

The first round of auction will be of 15 mins followed by subsequent round(s) of 8 mins each. There will be no time gap between two consecutive auction rounds for the same Lot. The Bidder shall have to submit its Bid within the stipulated time of any auction round. Bids received at the server before the expiry of the auction round time, as per server time, only will be considered as valid and will be recorded for further action. Therefore, Bidders are advised to submit their Bids well before the expiry of the stipulated time of the auction round and not wait for the last moment to submit their Bids. CIL and/ or MJUNCTION SERVICES LIMITED shall not be responsible for non-recording of any Bid due to delay in submission of Bid by any Bidder or due to delayed

receipt of Bid in the server of MJUNCTION SERVICES LIMITED. In case of any complaint or dispute regarding this, the data available at the server of MJUNCTION SERVICES LIMITED shall be final and binding on the Bidders.

In round 1 of the auction, the premium shall be Rs. zero/ tonne. Thereafter, the premium of the subsequent auction rounds will be decided depending on the demand registered in the previous auction round (as per rule Clause 3.5.2 of the Scheme Document). The Bidder may note that it is entitled to submit only one Bid in an auction round. Bid once submitted in an auction round can't be edited/ modified/ amended/ changed/ recalled. Hence, Bidders are advised to exercise extreme caution while bidding so as to avoid making any mistake. Bidders are also advised to protect the secrecy of their login id and password because Bid recorded against any user id or login id will be deemed to have been submitted by the Bidder concerned. No representation/ complaint stating the misuse/ unauthorized usage of login id and password will be entertained at any stage.

Bidders may further note that bidding in subsequent auction rounds is allowed only for such Bidders who have quoted a non-zero quantity in the immediately preceding auction round. A Bidder is not allowed to increase its Link Quantity in subsequent auction rounds but can quote the same or less Link Quantity in the subsequent auction rounds. Hence, in their own interest, Bidders may quote their desired maximum quantity (subject to EMD and maximum permissible quantity) in the first auction round itself.

Digital Signature Certificate

A Bidder shall be required to possess a valid Digital Signature Certificate (DSC) of signing type to be able to submit its Bid in the electronic auction on MJUNCTION SERVICES LIMITED's website. For this purpose, the authorized person should possess a class III DSC of signing type from any Certifying Authority or their authorized agencies in India.

The Bidder shall have to register its DSC through the link Register/Verify DSC provided under the login of the Bidder. Bidders may note that only one user id will be mapped with a given DSC. One DSC can be used with only one user id. DSC once mapped with a particular user id of a Bidder will normally not be changed and therefore Bidders are advised to carefully select the DSC before registering the same on the Electronic Platform.

The registered DSC will only be used to digitally sign the Bids that the Bidder will submit online. No Bid will be accepted by the system which is not signed with the registered DSC. Therefore, Bidders are advised to register their DSCs well in advance to avoid any inconvenience during the bidding process.

It will be the sole responsibility of the Bidder to maintain the secrecy of the password for the Digital Signature Certificate. The Bidder and its Authorized Signatory shall be solely responsible for any misuse of the DSC and no complaint / representation in this regard shall be entertained at any stage by MJUNCTION SERVICES LIMITED / CIL.

The Bidder may note that the following configurations will be required to be undertaken in their Internet Explorer browsers for smooth functioning of the website and the e auction portal.

The system requirements are as follows:

Minimum Software Requirement: Minimum Internet Speed: 2 Mbps; Browser Versions: Microsoft Edge, Mozilla Firefox 46+; Google Chrome 99+

Valid Digital Signature Certificate

**Source-wise Offer for Coking Coal Auction for Steel Sub-sector:
March 2024 under Tranche VII under Non-Regulated sector**

(To be uploaded later on the Portal of auction service provider)

Annexure VII – Consumption Norms

Grade of Coking Coal	Indigenous Coking coal requirement per tonne of hot metal , kg/thm
Steel Grade-I	410
Steel Grade-II	330
Washery Grade-I	365
Washery Grade-II	470
Washery Grade-III	600
Washery Grade-IV	820
Washery Grade-V*	820
Washery Grade-VI*	820
Washed Coking Coal	246

Note: * Since no norms is available for Washery V and Washery VI coking coal, for this auction, the normative requirement of an end use plant bidding for Washery V and/or Washery VI coking coal shall be determined on the norms for Washery IV grade coking coal. Subsequently, on receipt for Washery V and Washery VI norms from the concerned authority, the above table may undergo modification, if required.

The Normative Coal Requirement shall be calculated based on an assumption of 85% (eighty five per cent.) capacity utilization on an annual basis. Further, in accordance with Clause 3.3.2, the minimum Scheduled Production of coking coal over 15 years (starting from current financial year) of any coal mine allocated (pro-rated for the Specified End Use Plant in the event of a combination of end use plants to which the mine was allocated), adjusted for grade, shall be reduced from the Normative Coal Requirement arrived based on the above.
